

SIX ARE KILLED, 12 HURT IN RAILROAD WRECK IN TEXAS; SWITCH OPENED

Use Bloodhounds to Trace Persons Suspected of Having
Thrown Switch at Cisco Sometime Early
Wednesday.

Bothan, Tex., May 24.—Six persons were killed and 12 injured when Texas and Pacific passenger train number 15 westbound, crashed into a thrown switch and ran into a sec-

ond passenger train, number 16, on a siding here today.

Four were burned to death in fire which followed the collision. The negro porter of the stationary train was instantly killed. M. E. Stewart of Fort Worth, died of injuries. E. C. Reynolds, of Fort Worth, is the only man identified of those burned to death.

The injured were rushed to a hospital at Cisco. It was reported that the dead porter was responsible for throwing of the switch.

Dallas, Texas, May 24.—Texas and Pacific officials today asked Sheriff Dan Harston of Dallas County to furnish bloodhounds with which to trace persons suspected of having thrown a switch at Bothan, Texas, west of Cisco, early this morning, causing a fatal wreck.

HARDING CALLS BEST MINDS TO ADVISE ON TRIP

President to Make Eight
Major Speeches Enroute
To Pacific Coast.

WORLD COURT ISSUES
Chief Executive Abandons
Original Plans and Will
Stress Proposal

Washington, May 24.—President Harding is again calling in the "best minds" in the Republican party. He is enlisting their aid and thought in the preparation of the numerous speeches, which will dot his 15,000 mile trail from Washington, to Porto Rico, via Alaska, this summer.

For ten days past, prominent Republicans have been dropping in at the White House for chats with the President. Sometimes their visits have been formal but more often they have just "happened in casually," as Elihu Root and ex-Governor Frank O. Lowden, of Illinois, both explained it.

Most of the "best minds" that have come in contact with Mr. Harding up to today, have been of that variety that is committed to the world court and it is understood they have given the President much valuable ammunition for use in his summer campaign of answering administration critics. None of the so-called "irreconcilables" have been called in to date. In the preparation of his court speeches, the President is consulting only a few men outside his immediate official family. The suggestions of Secretary of State Hughes and Secretary of Commerce Herbert Hoover, the original proponents of the court scheme in the cabinet are always available.

In addition he had called in Colonel George Harvey, Elihu Root and Frank O. Lowden. Those who have talked with the President about his trip asserted today that by the time he reaches San Juan, late in August, he will have answered all of the criticisms that have been leveled at his administration policies, from foreign affairs to railroads and the tariff.

A few weeks ago, the President informed callers that he planned to make only one major speech on the world court on his journey. This was learned today and it is likely that Mr. Harding will present his worst case and international views in the course of several major addresses.

Plans for the long trip were so far completed today that railroad officials were called in for consultation as to time schedules. After days of poring over the map and consulting advisers, it has finally been decided that the President will make eight major speeches enroute to the Pacific coast.

HAWAII TO SEE WAR GAMES.

Washington, May 24.—War games of the American fleet in the winter of 1925 will be staged off Hawaii, with the attacking squadrons swooping down from Alaska. It was learned at the navy department. This decision will be in line with the department's policy of alternating its cruising and battle performances between the eastern and western sides of the country. The next winter war games will be staged off Culebra island, 50 miles east of Porto Rico, in the Caribbean sea.

ONE MISSING IN OIL FIRE

Birmingham, Ala., May 24.—A negro pumpman was unaccounted for early today and an eighty thousand gallon tank of motor oil at the Wofford Oil Company's plant was still burning after an explosion which shook Birmingham and started a fire which, for a time, threatened the entire plant and the negro district in that part of the city.

FUNERAL SERVICES HELD

Funeral services for Mrs. Mary H. Hilmer, 81, widow of Squire William Hilmer, of Zimmerman, who died at the residence of her daughter, Mrs. Frank Green, Alpha, were held Thursday afternoon at 1:30 o'clock, at the residence of Mrs. Green. Burial took place at Mount Zion Cemetery.

RUM FLEET GIVE UP—DISAPPEARS

Norfolk, Va., May 24.—After three days of watchful waiting in hopes that the alert coast guard cutters Mascoutin and Manning would relax their vigils, the steam yacht Istar, queen of the rum fleet, disappeared off the Virginia capes early today to join her sister ship, the Cartona, which put to sea early today. The schooner Mary Beatrice, liquor laden, in from Nassau boldly dropped anchor a few cable lengths from the Macoutin, beyond the three mile limit during the night.

BRIDGE DESTROYED— LOSS IS MILLION

Fort Madison, Iowa, May 24.—Loss of more than a million dollars was suffered, according to estimates, when the Santa Fe bridge, spanning the Mississippi river here was badly damaged by fire early today. Hundreds of passengers on trains were delayed when it became necessary to send trains to Galena by Burlington tracks and then switch them back to the Santa Fe.

Origin of the fire is unknown. The blaze was discovered about midnight and burned fiercely several hours despite combined efforts of railway firemen and those from Fort Madison and Dallas City.

RECIPROCITY PLAN PASSED BY CHAMBER

Ottawa, May 24.—By a majority of only eight votes, the Chamber of Commerce passed the budget of finance minister W. S. Fielding, containing a reciprocity offer to the United States.

In closing the debate, Fielding said: "We stand for reciprocity with the United States. The Liberal party is ready to negotiate reciprocity with Washington, whenever we can get a reasonable agreement."

GOVERNOR NOT TO ATTEND

Columbus, May 24.—Governor Donahay has informed Senator LaFollette that he will not attend the railroad conference to be held at Chicago Friday and Saturday. Donahay said he would not in any way associate himself with the movement designed to squeeze billions of dollars of alleged water out of American railroad capitalization, repeal the Esch-Cummins transportation act, force big cuts in rail freight rates and ultimately to cause nationalization of the railroads. The governor said he would not even send a representative to the Chicago meeting.

FIRPO TO MEET WILLARD.

New York, May 24.—Luis Angel Firpo signed a contract to meet Jess Willard on July 7 in an elimination bout for a Jack Dempsey match, Tex Rickard, promoter, announced here. The place has not yet been decided upon, Rickard said.

SAFE CRACKED.

Marletta, O., May 24.—Robbers blew the safe in the office of the Leader store here and secured between \$1,300 and \$1,500 in cash and checks.

FIREMAN KILLED.

Montreal, Que., May 24.—One fireman was killed and seven injured when fire early today attacked the plant of the Canadian Saw Trust Company. Another fire at the Montreal Harbor Commission caused a loss of \$175,000.

GOVERNOR DECLARES WAR ON GAMBLING AS SON LOSES MONEY

Columbus, O., May 24.—Governor Donahay has declared war on gambling. In a proclamation issued and directed to Mayors, sheriffs and other executive officials, the governor declared that gambling on baseball, punch boards and slot machines must stop in Ohio, or the officers entrusted with law enforcement, who continue to allow gambling, will find themselves displaced.

It is believed by friends of the governor that prime cause for the order is because of the fact that his ten-year-old son, Vic, Jr., fell foul of baseball pool gamblers, and lost his weekly allowance of spending money.

The governor is said to have concluded that gamblers who permit ten-year-old boys to indulge in games of chance should be curbed.

GET BACK TO FUNDAMENTALS URGES HARDING IN ADDRESS

President in Talk Before Citizenship Society in Washington Declares Democracy Is Not on Trial For Its Life.

Washington, May 24.—Human society has never faced a more complex or difficult period than that through which it is now passing, President Harding declared here today, in addressing the American National Council, an organization to promote better citizenship.

The one fundamental for America to cling to, he said, was that written into the preamble of the constitution and he advised an audience of prominent men and women "to get back to it."

To all those who may have doubts as to where America is heading, in

these days of political, economic and social turbulence, Mr. Harding had the same advice, "get back to the fundamentals of the constitution."

Democracy, the president said, is not on trial, despite the frequency of the assertion, but some of those who profess Democracy are.

"The unqualified and not infrequently pessimistic assertion that Democracy is on trial," the president said, "is calculated to suggest that perhaps there is need to search for an alternative to those Democratic-Republican institutions we have erected in this country and which have spread in the last century and a half to a great part of the world."

A conservative line must be drawn, the President said between those who want to tinker drastically with our form of government and those who are too timid to try anything new.

"Somewhere between these two," he continued, "our country has need to chart a route of sane, constructive, genuine progress, which may command the support of the overwhelming majority. Thus and only thus, we shall assure continuing institutional evolution without revolution steady advancement without revolution."

SOVIET BARES TEETH AGAINST THE SWISS

Copenhagen, May 24.—Anti-Swiss demonstrations were reported today from Petrograd and Odessa as a result of the accusation by the soviet government at Moscow that the Swiss were responsible for the assassination of Vaslav Vorovsky, at Lausanne.

Swiss nationals were said to have been attacked and their property damaged. Swiss passport vises were refused.

George Tchitcherine, commissar for foreign affairs at Moscow, recently addressed a note to the secretary of the Near East peace conference holding the Swiss government and the allied peace envoys responsible for the killing of Vorovsky, who was acting as observer at Lausanne then shot to death by a Swiss citizen.

CRUSHED TO DEATH IN DOUGH MIXER

New York, May 24.—Caught in a dough mixing machine, Gabriele Acampora, was slowly crushed to death while a blacksmith pounded the machine with a sledge hammer in a vain effort to free him.

Excitement over the baker's predicament spread, and Mrs. Augustina Scialla, a neighbor, dropped dead from shock.

KANSAS LOWLANDS ARE INUNDATED

Topeka, Kas., May 24.—Many creeks and rivers of the state today were bank full and overflowing, inundating the lowlands as a result of heavy rains. The Smoky Hill and Republican rivers were reported at flood stage with the Blue river rising rapidly. These three rivers feed the Kaw and it was predicted that should heavy rains continue today, the Kaw valley is due for a flood.

RED WAVE OF COMMUNISM THREATENS THE RUHR AS BIG OUTBREAK OCCURS

French Military Occupation Results in Casualties As
Rioting Breaks Out In Two German Cities—
Reds Create Terror

Berlin, May 4.—A red wave of communism today threatened to roll through the Ruhr as the result of French military occupation. Heavy fighting was reported from Gelsenkirchen and Dortmund, six persons being killed and seventy wounded in the former city.

The total death list is believed to be about nine. News of the outbreak caused much anxiety to German officials. Communists are in control of Gelsenkirchen, but the situation at Dortmund has calmed down.

Reds at Gelsenkirchen stormed all public buildings, applying the torch to those they could not hold.

After seizing Gelsenkirchen the Reds began a ruthless reign of terror. They were assisted by absence of police, the regular force having been disbanded by the French some weeks ago.

In order to handicap the firemen—who were acting as voluntary police—the Reds began a widespread campaign of incendiary starting fires all over the town.

French troops, instead of aiding the German citizens adopted an attitude of "benevolent neutrality."

The determination of the Reds to unloose chaos was shown by their conduct after occupying Gelsenkirchen, intruding on the police headquarters. They seized all the records and threw them into the street from the windows.

According to authoritative information this afternoon, danger of a general strike throughout the Ruhr is lessening. The rank and file of the German workers are anti red.

Fervent activity was reported on the part of communists at Bochum, but no word of fighting had been received from there.

Essen, May 24.—Several persons were killed and many wounded in fighting which raged throughout the night at Dortmund. Clashes also took place between communists and police at Gelsenkirchen.

Firemen were organized into volunteer police and were assisted by members of the Citizens Self Defense League. Gelsenkirchen was gripped by a reign of terror all night with gusts of firing in the streets. A well organized red revolutionary movement has arisen in town along the northern boundary of the Ruhr as a result of French occupation. The total membership of the communist organization in the Ruhr is put at 30,000.

There are about a half million workers in the Ruhr, many of whom were driven by dire misery into the

U. S. TROOPS NOT ORDERED TO FIGHT

Washington, May 24.—Official denial was made at the State department today that any orders had been issued to Jacob Gould Schurman, American minister at Peking to employ United troops against the Shantung train bandits.

The department is awaiting further advice from Peking on the progress of the new negotiations to free the Americans and other foreign prisoners, and it was stated that the government is not yet ready to resort to military measures against the Chinese outlaws.

Shanghai, May 24.—An unconfirmed press despatch from Peking today stated that Jacob Schurman, American minister to China, had been instructed by Washington to send American troops to Licheng, near the mountain stronghold of the Shantung bandits who are holding a number of American prisoners.

TURK SOLDIERS THREATEN GREEKS

Athens, May 24.—Fifty thousand Turkish troops have been concentrated in Thrace for action against the Greeks, according to a report received here today from Salonika.

The Greek premier denies that this country is sending any reinforcements to the Maritza river—the Greco-Turk boundary in Thrace. The situation in the Balkans has become serious.

Reports from Lausanne say allied statesmen are nervous over the situation, fearing an outbreak of war. There is anxiety that Bulgaria, Yugoslavia and Russia may be dragged in if a clash takes place between Greece and Turkey.

MORGAN ELECTED

Arthur E. Morgan, president of Antioch College, Yellow Springs, was re-elected vice president of the American Unitarian Association, unanimously at the annual meeting in Boston, Tuesday.

Dr. Samuel A. Eliot, Cambridge, Mass., was made president.

PORTS ARE CLOSED.

Constantinople, May 24.—Due to the threat of war between Greece and Turkey, the Angora government today ordered all Turkish ports closed to foreign vessels, after sunset.

MOSCOW TO MAKE REQUEST THAT U. S. RECOGNIZE SOVIET

Krassin in London Issues
Statement of Russia's
Intentions

London, May 24.—Leonid Krassin, special envoy of soviet Russia, intruded today in an exclusive interview with International News service that Moscow will shortly make overtures to Washington requesting recognition of the soviet government. Krassin came to London to negotiate a settlement of the Russo-British dispute over issues involving fishing rights, property seizures and alleged infractions of the Russo-British commercial treaty. He revealed that he is anxious to go to Washington to see what he could do towards inducing the United States government to adopt a more friendly attitude to ward the bolshevik government.

DISASTROUS FIRE OCCURS IN CAPITAL

Columbus, O., May 24.—Fire and water damage estimated at between \$25,000 and \$50,000, was caused by a blaze in the Hartman-Standard block, Rich and Third Streets, here late yesterday. One hundred girls employed by the Inskeep Glove Manufacturing Company will be out of work until machinery has been overhauled, it is said.

The J. C. Williamson Furniture store suffered a \$13,000 loss from water soaked stock. The Standard Poolroom and the Hartman Dairy Farm offices also sustained considerable damage from water. The cause of the fire is unknown.

COURT AFFIRMS STILLMAN ALIMONY

New York, May 24.—The decision of the Supreme Court Justice Morschauer, awarding Mrs. Annie U. Stillman, \$7,500 a month alimony and \$15,000 counsel fees against James A. Stillman, former president of the National City bank, was affirmed today by the appellate division of the supreme court in Brooklyn.

Justice Morschauer's decision was made on February 10, last. Stillman had appealed the award. There was no opinion given by the appellate division in its decision today.

Stillman, in his appeal, said he had given Mrs. Stillman \$210,833.35 in addition to counsel fees of \$35,000 and additional fees of \$12,500.

CHURCH CONVENTION IN FINAL STAGES

Indianapolis, Ind., May 24.—The 135th general assembly of the Presbyterian Church of the United States prepared to complete its work and dissolve today after a week of history-making sessions.

Threatened schisms over evolution and questions of heresy failed to develop.

The Presbytery of New York was directed to take whatever action necessary to require preaching and teaching in the First Presbyterian Church of New York to conform to the system of doctrines taught in the confession of faith, and report of the committee on plans for 1924.

CORN MUST BE REPLANTED.

Columbus, May 24.—The corn crop of Ohio has received a serious setback as the result of the heavy rains during May, according to Trux Agricultural Director Trux. Nearly all the corn in level or low fields will have to be replanted and as a result, if an early autumn comes, a shortage will be felt. At any rate a late crop is forecast and such grain is never as good as an early or normal output, Trux declared.

HERE IN INTEREST OF T. B. HOSPITAL

Members of the hospital committee of Xenia Aerie of Eagles, with Mrs. Robinson, of Springfield, who is inspiring interest in the district tuberculosis hospital at Springfield, met with County Commissioners here Wednesday afternoon.

Mrs. Robinson is attempting to interest commissioners in a bond issue to financially aid the institution, now said to need considerable improvements. Eagles in the four counties that support the hospital are conducting a campaign of interest in the hospital with the view to improving conditions there.

INFORMATION BOX

Interested—The materials that go to make up the paper money of the United States are culled from all the four corners of the globe. Part of the paper fibre is linen rag from the orient. The silk comes from China or Italy. The blue ink is made from German or Canadian cobalt. The black ink is made from Niagara Falls acetylene gas smoke, and most of the green ink is green color mixed in white zinc sulphate made in Germany. The red color in the seal is obtained from a pigment imported from Central America.

Asker—It was Thomas Otway who wrote "Venus Preserved," and the lines you refer to run:

O woman! lovely woman! Nature made thee

Kellogg's Bran is prepared to do one thing—AND DO IT WELL!

Kellogg's Bran will permanently relieve constipation, mild or chronic. It is scientifically prepared for that purpose. It is ALL BRAN, therefore it has the necessary bulk to assure results. Foods with a small bran content cannot afford permanent relief.

When your physician or friends advise you to eat Kellogg's Bran, you follow-on for the purpose of eliminating a dangerous clogging-up and toxic condition of your system. You can't afford to take half-way measures! Think of the lost time and the dangers of illness you are daily dodging!

What you must have is real bran—KELLOGG'S BRAN, and if you will eat it regularly each day you will become a different person within a week or so. Kellogg's Bran, with its natural bulk, sweeps, cleanses and

purifies. It not only gives relief, but it regulates the bowels. Every member of your family should eat it—every day—at least two tablespoonsfuls; in chronic cases as much with each meal.

Try Kellogg's Bran mixed with a hot cereal, or cook it with hot cereals, adding two tablespoonsful of Bran for each person. Other popular ways are to sprinkle Kellogg's Bran on hot or cold cereals or to eat it as a cereal with hot milk. You can make delicious bakery products with Kellogg's Bran. Recipes on every package.

Kellogg's Bran is not only nationally sold in grocery stores, but can be had in individual packages in first-class hotels and clubs. Ask for it at your restaurant. Be certain to eat Kellogg's Bran daily for health's sake!

FUNERAL SATURDAY

Funeral services for George Vetter of Spring Valley, will be held Saturday afternoon, friends to meet at the home at one o'clock with services at the M. E. Church at Spring Valley at 1:30 o'clock, in charge of the Rev. T. M. Scarff. Interment will take place at Spring Valley.

The marriage of Miss Donna E. Johnson, daughter of Mr. and Mrs. David Johnson, of Cedarville, and Mr. George D. Barker, son of Mr. and Mrs. David Barker, of Jamestown, was solemnized by the Rev. Mr. Pryor, pastor of the Jamestown Church of Christ, at the church parsonage, Wednesday afternoon at two o'clock.

The couple was unattended, the single ring ceremony being solemnized. The bride was attired in a dress of blue canton crepe, with silver trimmings, with hat and gloves of harmonizing shades. Following the ceremony Mr. and Mrs. Barker left by motor for West Virginia, where they will spend their honeymoon.

Upon their return they will go to housekeeping in Jamestown.

MISSIONARY SOCIETY IS ENTERTAINED AT SMITH HOME

Members of the Woman's Missionary Society of the First Presbyterian Church, were entertained at the home of Mrs. F. L. Smith, on North King Street, Wednesday afternoon. Mrs. Smith was assisted by Mrs. Harry D. Smith, and Mrs. Anna M. Haverstick, in entertaining the guests.

The program of the afternoon consisted of papers read by Mrs. R. O. Wead, Mrs. U. E. Clark, and Mrs. Henry Slagle. A business session followed, when plans were discussed. A delicious refreshment course was served at the close of the meeting.

MRS. LESOURD ENTERTAINS FOR VISITORS WEDNESDAY

As a gracious compliment to Mrs. Frank DuBois of Warren, Penn., Mrs. Harry S. LeSourd received guests for nine tables of bridge at her home on West Market Street, Wednesday afternoon.

SPLENDID PROGRAM GIVEN AT 1ST U. P. MISSIONARY SOCIETY

The Woman's Missionary Society of the First United Presbyterian church met Wednesday afternoon in the church parlor, which were made attractive and home-like with a profusion of spring flowers.

Mrs. Austin M. Patterson, presided at the meeting, announcing the twenty-third Psalm, which was sung with piano accompaniment. Mrs. E. H. Carruthers had charges of the devotional exercises, assisted by Mrs. T. H. Bell and Mrs. Emma McCalmont.

The regular business of the society was transacted with satisfactory reports. Mrs. J. S. Van Eaton, led an interesting questionnaire on the fifth chapter of the study book "The Trend of the Races," to which Mrs. Arthur Dean, Mrs. Frank Hagler and Mrs. Roy Marshall responded.

Mrs. Van Eaton read an interesting letter received by Miss Emily Holmes of this city, from Mrs. W. M. Brewster, formerly of Bellbrook, now of the Rebekah McCabe Orphanage of the M. E. Church at Hanghwi Mission in China. Miss Holmes assisted in the support of an orphan in that mission.

The society adjourned, each member reciting a verse of Scripture, and the Lord's Prayer. A social time followed the program.

PRESIDENT WILL STUDY ALASKA AT FIRST HAND.

NUMEROUS VITAL PROBLEMS AWAIT SUMMER VISIT OF CHIEF EXECUTIVE.

Alaska is one of the many paramount problems confronting the Government of the United States.

Whether this vast expanse of land, containing huge mineral riches, surrounded by almost endless tracts of ocean waters teeming with sea food and fur-bearing animals, shall be developed or allowed to remain dormant is the question that has induced President Harding to visit this territory during the summer.

The President will be accompanied by the Secretary of the Interior, the Secretary of Agriculture and the Secretary of Commerce, and for the first time in history the Chief Executive of the Government will tour this Northern country.

Inestimable riches and hidden treasures are still hermetically sealed in its natural recesses awaiting development. The total area of Alaska is 590,884 square miles. Its immensity can only be realized when a comparison with the area of the United States shows that it is one-fifth as large as the total territory embraced in the forty-eight States of the Union.

The population of Alaska presents an interesting problem. For years after this country became American territory there was a slow but gradual increase in the number of inhabitants. Ten years ago, following the census of 1910, the population began to dwindle, and as a result 10,000 persons left Alaska between 1910 and 1920. Its permanent population is now fixed at approximately 60,000, of which about one-half are whites and the other half Indians, Eskimos and persons of diverse nationalities.

Alaska's greatest resource is its mineral wealth. There are gold, silver, copper, zinc, antimony and tungsten in immense quantities. Deposits of coal, including bituminous and lignite, have been found. So have oil and petroleum, in addition to platinum, lead ores, quicksilver, graphite and asbestos.

The fisheries of Alaska make up its principal commerce. Salmon, herring, clams, shrimps and other sea foods in abundant quantities are taken from its waters annually, and an immense canning industry has been built. In 1922 \$34,720,000 in fish products were shipped from the territory, representing an increase of \$12,000,000 over the previous year.

In the popular fancy, Alaska is supposed to be a forbidding, ice-covered, glacier-crowned land of dog teams and polar bears. The truth of the matter is that it is a country of delightful climate many months of the year, with an area of 100,000 square miles fitted for agricultural development and capable of producing crops of almost endless variety.

The American Government has just completed the construction of a railroad through the far-off wilderness of Alaska at a cost of about \$6,000,000. This line extends from Seward to Fairbanks, a distance of 467 miles, penetrating into the very heart of the territory, and is the first railroad ever built and operated by this Government.

The administration of the affairs of the territory of Alaska is now in the hands of thirty-five different departments and bureaus of the Government. The various functions performed by them consist of 135 activities dealing with every conceivable phase of governmental supervision and jurisdiction.

The complexity of governmental activities that govern the territory, therefore, presents an enigma in itself that must be untangled before this country of vast resources can be opened up. A summary of some of the problems that the President and the members of his Cabinet will study during their tour to Alaska follows:

Whether the complete jurisdiction over the whole of Alaska shall be vested in a single department of the Government.

Whether a colonization and immigration plan shall be immediately put into effect.

Whether there shall be built up a corps of trained men with headquarters in Alaska to search out and report regularly upon the mineral resources of the territory.

Whether branch lines and spurs to the Alaska Railroad shall be constructed to bring it into fuller usefulness in meeting industrial needs.

Whether there shall be more liberal appropriations for the building of roads and trails in the interior of Alaska, a regular appropriation of \$1,500,000 annually being asked.

Whether the fishing industry is to be wholly checked and regulated through the vesting of supreme power to control it in the Department of Commerce.

Whether the Government is to eliminate the dangers of navigation on the coast of Alaska by providing a sufficient number of lights and other warnings to navigators.

Whether steps are to be taken to further protect the seals.

Whether all law-enforcing agencies in the territory shall be consolidated under the Department of Justice.

Whether the mining and land laws of Alaska shall be liberalized.

Whether improved facilities for travel and commerce to Alaska shall be put into effect by placing vessels of the United States Shipping Board into the Alaskan service.

Whether an allotment of a percentage of the revenue derived shall be erected by the Government.

Whether tourist roads shall be constructed into the national parks of Alaska in order to open them to the public.

Whether a new game law shall be enacted covering the territory of Alaska that will secure conservation of its wild animal life.

Whether an allotment of a percentage of the revenue derived from the Pribilof Islands located in Alaskan water shall be made to general fund of the territory.

HUBERT WORK,
Secretary of the Interior.

NOW FOR HEAVEN'S SAKE DON'T GO AND TRY TO DOMESTICATE A LOT OF WILD CATS AGAIN

1903--Twenty Years Ago--1923

Xenia has never been so prosperous as at the present time. There is hardly a private residence in the city for rent and the demand for houses is something unusual.

The most terrific downpour of rain which has been witnessed in years in this section came last night. The clouds appeared to open and the town was a perfect river. Many persons were very much alarmed and thought that Xenia was going to have another flood.

One of the features of the Wild

West parade in Xenia today was the appearance of young Robert Kingsbury on his pony. He was in company with one of the cowboys and looked a typical wild westerner.

Forest Dunkle, one of the carriers of the Daily Gazette had an odd experience Saturday, while making his collections. After leaving his bicycle on a lawn, he found upon returning that a snake had entered the hollow handle bar. Efforts to dislodge the fellow proved fruitless, but hot water soon did the trick and the snake was dispatched.

A HUSBAND'S LETTER

I have had the following letter in my possession a long time, and have decided to print it to show my Women Readers the point of view of one husband.

"Subscriber" writes: "You wonder what a man would say on the question of having his wife stay young and attractive and a good comrade. My wife, though an excellent housekeeper, keeping the home scrupulously clean and tidy, a good table, and so forth, has not the knack of dressing attractively nor of being entertaining."

"I think that means a whole lot in the happiness of marriage. 'Thinking to arouse interest and thought of appearance, I procured a book on the subject of Personality of Dress, but it was laid away on the shelf; to discuss the matter is to be dismissed with a shrug and a pout, to talk of exercise evokes no response. 'The lack of interest, of indifference to appearances may be better understood if I illustrate."

"Last New Year's Eve an invitation was received to a supper and dance at a club located in the city. Arrangements were made to attend and I expected and hoped my wife would wear a pretty evening gown which I had given her and which suited her build and color, and had only been worn once. Imagine my feelings on seeing another gown laid out which was not so suitable. On expressing a wish that the pretty gown be worn, excuse was made that she did not think any evening gowns would be seen."

"This may seem like foolish male notions, but on impulse I have decided to express on opinion, as I wonder how many women fail to use and improve their charm and attractiveness by a little exercise, care and thought in dressing."

What do the Women Readers think? This letter interested me because a great many of my masculine correspondents think their wives spend too much thought and time on

dressing!

American Nurse.—To color light eyebrows you can use stain made by steeping walnut shells in boiling water until the water turns a deep shade of brown, after which add a tablespoonful of salt to set the color. Apply this liquid with a fine camel's hair brush, taking care not to touch the skin, as this, too, will take up the stain. Such applications will have to be repeated as often as there is need, but the stain is preferable to using a hair dye, as it will not injure the hair.

Annie L. S.—Use a cream or olive oil for nourishing the tissues. Cocoa butter should never be used on the face and throat.

Hopeful.—Have a dermatologist remove the mole, including the hairs, and you will be quite safe in having it done.

L. V. S.—The sulphur and molasses tonic is made by mixing flour of sulphur with enough molasses to form a smooth paste. The time to take it is after the cold weather has gone, as this mixture, or any other blood purifier, will cool the blood.

Mrs. R. S.—"Harum-Scaum" is a perfectly good word used in connection with a person who is exceedingly wild, reckless, or thoughtless. The word probably originated from a combination of the two English words, "hare" to worry, and "scare" to frighten.

Mrs. Home.—The time requisite for baking partridge is, on the average, 35 to 40 minutes in the oven.

New Reader.—The nucleus of the air force for the suppression of bandits and river pirates in and about Peking is formed by licensed pilots from American and Chinese air schools.

Outrigger.—There is a snake found in South Africa known as the Black Mamba. He is able to travel so rapidly as to keep pace with a galloping horse. A strange thing about him is that the natives, when pursued, strike for the nearest good road, as the snake cannot travel nearly so fast over smooth as on rough, uneven ground.

For Your Back and Kidneys You Will Have Vigorous Vitality if You Follow This Advice

Columbus, Ohio.—"Dr. Pierce's Anuric (kidney and backache) Tablets are the best medicine I have ever taken for kidney disorders. My kidneys were congested and inactive, my back ached and was so sore I could not bear to touch it. In addition to my kidneys hurting, my bladder was very weak. I wrote to Dr. Pierce for advice and upon his advice I took the Anuric Tablets and the result was wonderful. I had taken Anuric only a very short time when I was rid of all my bladder weakness and my kidneys became active and normal. I do not suffer any more with my back. I would advise those who suffer with any kidney disorder, or bladder trouble to take 'Anuric' without delay."—Monford Slagle, 447 N. High St.

Today's Talk

CARE

It wasn't so very long ago that the great corporations and businesses of the country had it in their heads that the public was the second one to be consulted and considered when it came to service.

Their interests came first—then the public.

But today most of this attitude has been changed. The big men of world have come to understand that the public makes them most of what they are—that its helpfulness is more supreme than their power.

And so everywhere, in business and in the private lives of people, more than at any other time there is the spirit of consideration abroad.

If you care what the other fellow thinks, he is going to care what you think.

Only through co-operation and conciliation are the vastest plans put through to their greatest success.

Care what is going on in the world. Make all interests your interests so far as is possible.

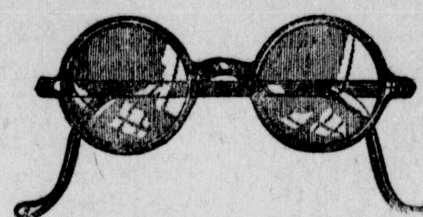

Every man who wins in this world

at once becomes an inspiration for every other man who has not yet won.

Keep caring. Not only be willing to give as much as you take—but try to keep giving more.

KIDNEY TROUBLE BECOMES SERIOUS

"Suffered with severe headache, backache and pains in my legs and under my shoulder blade. My kidneys and bladder were in bad condition. I was weak and nervous and felt tired and worn out. Walking made me short of breath. Every morning my face and hands were bloated. Medicines failed to help my condition and doctors advised an operation," writes Maggie Nelson, Mossdale, Fla. "Fortunately I read about Foley Kidney Pills, tried them and got relief."—Sayre & Hemphill, South Detroit St., Xenia. adv

The Fifty-Horsepower Motor Fills the Hood!

YOU need not be an engineer to appreciate Jewett's great power. Just look under the hood at the Paige-built motor. No car within \$200 of the Jewett price has a motor of equal piston displacement—249 cubic inches. And Jewett's power is not obtained at the expense of high engine speed, with its premature wear.

From the six cylinders, 3 1/2 x 5 inches, a moderate r. p. m. gives peak power. However unusual the emergency, Jewett never strains to meet it, but handles every situation smoothly and easily. URGES HORSEWHIP FOR STILLMAN

New York, May 24.—James S. Lawlor, a Sixth avenue plumber and father of Mrs. Florence Leeds, the discarded mother of the 5-year-old boy, Jay Ward Leeds, declared he would "horsewhip" James Stillman if the latter is placed in position to marry Florence and doesn't do it. But Mrs. Leeds' mother, from whom she has been estranged for years because of her life with Stillman, a white-haired woman, was said to be vehemently opposed to a marriage, even if it were possible.

Meanwhile the expected legal action of Mrs. Leeds against Stillman, to compel him to provide for the boy, did not develop, although Mrs. Leeds says she has 200 letters she is ready to offer as testimony in proof of Stillman's paternity of the child. Mrs. Leeds said that if Stillman were in a position to marry her and offered to do so she would marry him, but only to give a legal name to her boy, and that she would leave Stillman immediately afterwards.

It was believed that this statement of Mrs. Leeds carries the intent of instituting a breach of promise suit against Stillman if he is divorced.

DANGER OF BREAK WITH SOVIET AVERTED

London, May 24.—Danger of an immediate rupture between Great Britain and Soviet Russia has been dissipated by the conciliatory note from Moscow transmitted to the British foreign office by Leonid Krasin, it was admitted by British officials today.

British foreign office officials said the communication represented an advance by Russia beyond any concessions previously made. It is believed the document affords a basis for future discussions.

A ministerial council was summoned to consider Great Britain's rejoinder.

BALDWIN STRIKES SNAGS IN WORK

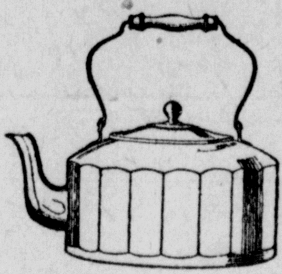

London, May 24.—Premier Stanley Baldwin began to strike snags today in his task of reforming England's Tory cabinet. Sir Robert Horne, former chancellor of the exchequer, who was offered that post in the new

government, sent word he could not accept, owing to personal business interests.

Austin Chamberlain is due from Paris this afternoon. He has been offered a post in the new government, but he probably will confer with Sir Robert Horne before giving a definite answer.

The Tory party is still split as a result of the "offensive" of the Tory "die hards" against the Lloyd George coalition ministry, which accounts for the refusal of certain members to join the Baldwin government.

MEMBERS OF CLUB ARE SHOWN THROUGH TELEPHONE PLANT

Nineteen members of the Xenia Business and Professional Woman's Club were conducted on a tour of inspection of the central office of The Ohio Bell Telephone Company here Wednesday evening, through the courtesy of H. W. Cleaver, manager. The club members were initiated into the mysteries of how calls are received and connected properly by the "hello" girls at the exchange, in their inspection of the operation room in which they were conducted by Miss Etta Wilkin, chief operator and Miss Stella Toohay, supervisor. They were then shown the operation of the terminal and battery room by Charles Sorogov, wire chief and Ben Fokk, plant chief.

Enthusiastic interest in the trip was expressed by members who will make up another party to visit the plant here again soon. Those in the party were Misses Allegra Hawes, Mina St. John, Cora McDonald, Lorena Paulin, Clara Wright, Elsie Canby, Nellie Rinko, Edith Need, Edith Marshall, Fay Ledbetter, Florence Mitchell, Clara Marshall, Ella Ambuhl, Mary Crow, Olivia Cost, Louise Shaffer, Helen Evers, Effie Norris and Mrs. Winifred Armstrong.

Xenia Boy Scouts will inspect the plant through the courtesy of the management next week.

Styles BY LENORE

It is not so easy in the summer-time to make a dress that is dark enough in color not to soil easily, firm enough in texture of material not to wrinkle badly, and at the same time light enough to be cool and summery. A dress, for example, that may be worn on the train when it is necessary to come into town for a day's shopping.

To meet this need, a number of the smart shops are showing dresses

made of sponge, which this season is being shown in a variety of colors that are both practical and truly smart. Particularly attractive are the weaves which combine a color, such as brown, medium blue, or green, with white, producing a mixture in a lovely softened tone of the color.

It is one of these which is used for the semi-tailored dress illustrated in the sketch. The skirt is entirely plain, cut on straight lines, and the blouse is about finger-tip length, with a stunning idea embodied in the trimming, which is thin-skinned leather—bright blue on the turned-back cuff, and narrow strips of varying widths in blue, red, green, and yellow leather forming the collar and finishing the pockets.

CONSECRATION OF FATHER HOWARD.

Columbus, May 24.—Consecration of Rev. Mgr. Francis W. Howard, pastor of Holy Rosary church here, as bishop of the Catholic diocese of Covington, Ky., will take place June 11, according to advices from Covington. The consecration is to be held in St. Mary's cathedral, Covington. Archbishop Henry Moeller of Cincinnati will officiate. Numerous Catholic dignitaries are expected to attend.

FIRPO-WILLARD BOUT SET

New York, May 24.—Having reached an agreement with Tex Richard for the scheduled bout with Jess Willard to be held not later than July 7, Luis Firpo, the Argentine heavyweight, will leave for Cuba today. He is scheduled to meet Joe White, an Alabama heavyweight, at Havana early in June in a fifteen round bout and later will go to Mexico City where he will face Jim Hubbard in a twenty round bout.

K. R. T. SHOULD FURNISH THRILL

In what should prove to be a good baseball game the Xenia Bayliffs will tackle the Wilmington K. R. T. nine at the Washington street Park Sunday afternoon.

The Clinton County nine is recognized as one of the best around these parts. So far this season they have taken the scalps of the Wilmington Yanks by a 3 to 2 count and another time handed the Yanks a 7 to 3 beating.

In Cantrill the Wilmington team has a star mound artist who will make the best of them step to come out on the long end of the count. Cantrill is a right hander and pitched for the Wilmington College nine in the 1921 season. He beat the Home nads by a 20 to 10 score, that year Cantrill fanned 20, walked 3 and let the Home lads down with 7 safeties.

The K. R. T.'s have another star performer in Hale who plays first base. He also starred for the College several seasons ago. The rest of the team is said to be of high caliber. The Bayliff club as it is now, seems to be well fortified. The loss of Furnas, who played third for the local nine, will no doubt be a blow to them but Manager Bayliff has already signed a new player from Dayton. This lad is Munger and he is at present playing bang up ball for the Indians. In the game against the Maxwells last week Munger was up four times and got two hits while in the field he accepted four chances without a fluke. The signing of Munger should give the club additional punch. He will play at third.

McDonnell, who has been showing great form in the box will probably start the game. With the proper support in the field he will be hard to beat. Curt Free, former Reserve twirler, has also signed up with the Bayliffs. Curt beat the Wilmington Clintons back in 1916 by a 5 to 1 count. In any case the game is almost certain to develop into a hurlers battle because McDonnell, Free and Cantrill are all crack moundsmen. The Bayliffs will present the following lineup: Stiles at Tacker lb, M. Leahy 2b, Munger 3b, Early ss, F. Leahy lf, Ackerman cf, Bayne c, The K. R. T. will have Engle c, Cantrill p, Ellinger ss, Hale 1b, Kahn 2b, Hironimus 3b, Temple 1f, Stealman cf, and Kerr rf.

The game will start at 2:30 o'clock with two umpires in charge. The same prices of admission will prevail. All those who have rain checks from last week's game will be admitted upon the presentation of them at the box office.

BELMONT RACES START

New York, May 4.—The Metropolitan handicap, at a mile, with \$5,000 added, will open the racing season at Belmont Park today. Ten thoroughbreds will go to the post.

HOME TO PLAY IN SPRINGFIELD

The O. S. and S. O. Home Cadet baseball team will play the I. O. O. F. Home team at Springfield, Saturday afternoon, at 2:30 o'clock.

Last season the Cadets from this city defeated the Springfield aggregation. The lineups: Xenia—Sherman, cf; Lee, rf; Lewis, lf; Jackson, 1b; Turney, 2b; Noland, ss; Smith, 3b; Waterman or Brewster, c; and Wood or Torrence, p. I. O. O. CARR GAINS 10 POUNDS AND IS NOW ALL RIGHT

Fort Wayne Man Was About To Give Up Position Because of Frightful Pains in Stomach—Takes Dr. Thacher's Liver and Blood Syrup and Soon Recovers His Health.

"I suffered from such frightful pains in my stomach that I felt like I had swallowed poison; but since taking Dr. Thacher's Liver & Blood Syrup I never have a bit of trouble and feel like a different person!" recently said Gary L. Carr, well-known inspector employed by the General Electric Company for several years living at 212 W. Superior Street, Fort Wayne, Ind.

Mr. Carr's wonderful recovery is not surprising in view of the fact that this well-known remedy is made from the favorite prescription of Dr. H. S. Thacher, one of the most eminent physicians of the South, whose great success in the treatment of the stomach, liver and circulation system gives him an authoritative position among practitioners of the present day.

"Actually, I couldn't eat a thing hardly without suffering agony for hours," continued Mr. Carr. "Gas would form and rack my whole system with pain. My stomach would cramp. I was constipated and my liver and kidneys did not work right. My back would hurt so at times I had to prop myself up with a pillow. My head ached like it would split, my nerves were wrecked and I felt so miserable I was on the verge of giving up my position."

"Reading so much about Dr. Thacher's Liver & Blood Syrup I got a bottle and felt so much better I kept on with it till I completely recovered. I gained ten pounds and feel stronger and better now than I ever did in my life."

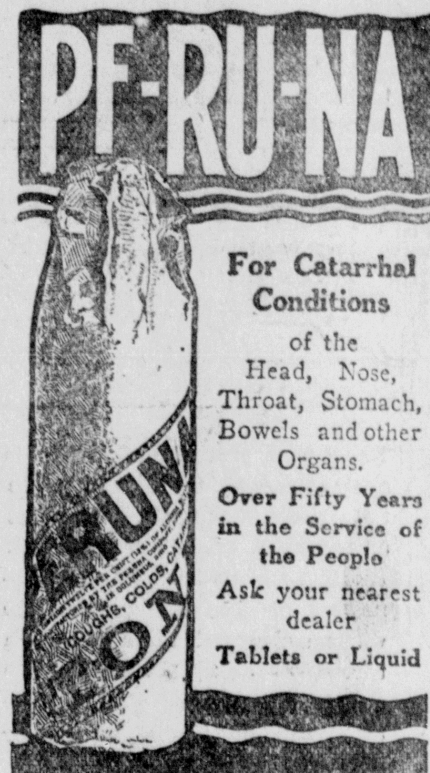

Dr. Thacher's Liver & Blood Syrup is handled by G. O. Carpenter of Jamestown.

won three out of five games including a defeat handed the Xenia Bayliffs.

The Fairborn Indians have signed "Bill" Day, ace of the Yellow Springs Athletics, for the balance of the season.

PREDICT HIGHER COAL PRICES.

Cincinnati, May 24.—Many of the delegates who are in Cincinnati to attend the annual convention of the Michigan, Ohio and Indiana Coal association expressed the belief that coal prices are destined to advance in June. The main cause of the higher prices would be the shortage of cars, in the opinion of the delegates.

TO DIE IN CHAIR.

Columbus, May 24.—Adam Logan, colored, who killed a man, according to his own statement, in order that he might elope with that man's wife, was sentenced to electrocution Sept. 6, next, by Judge E. B. Kinkead, after he had been found guilty of first degree murder.

TURKS BADLY ORGANIZED.

Lausanne, May 24.—An American official who has just arrived here from Thrace reports that the Greeks are awaiting the signal to attack the Turks along the Maritza river. The Turks are badly organized, he says, and will stand little chance if the Greeks launch a serious offensive.

LECTURER TO SHOW
MOVIES OF LOCAL
SCHOOL AND SCENES

R. Hayes Hamilton, travelogue lecturer, now spending a month at his home here, is busy making motion pictures of the new Central High School and of the 1923 graduating class which will be used in his lecture to be presented in the Jean R. Elwell auditorium of the new Central High School building next Tuesday evening for the benefit of the Library Association.

The local pictures will compose a prologue to be read by Mr. Hamilton to precede a general lecture which will embody the best pictures from his lectures in his repertoire covering the entire United States. The movies are being taken with a special motion picture camera owned by Mr. Hamilton and are expected to prove an interesting addition to the program.

The lecture will give many Xenians their first opportunity to see the school and the completed auditorium which will be dedicated at Commencement exercises Friday evening. Mr. Hamilton, who will present the first public entertainment in the new building was granted this favor by Supt. of Schools C. A. Waltz because he is a Central High graduate. Tickets are now on sale for the benefit.

Zanesville Couple Express
Lasting Gratitude to Tanlac—
Ended Stomach Trouble, Nervousness and
Insomnia, Is Statement.

"When I found Tanlac I found good health, for the medicine helped me over one of the most trying times of my life, and ever since I took my first bottle I have been its firm friend," is the grateful statement of Mrs. A. M. Roberts, 650 Fulton St., Zanesville, Ohio.

"I suffered so badly from stomach trouble for a year that I could get no comfort at all, had no appetite

and my nerves were so excited I could get no restful sleep. Regular attacks of sharp, piercing pains in my side, and dreadful sick headaches forced me to go to bed.

"The Tanlac treatment rid me of all my troubles and I have such a splendid appetite I can eat anything I want. My nerves are calm. I sleep soundly and the headaches and pains in my side are entirely gone. My husband has also taken Tanlac and we both consider it without as equal."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

KIDNEY TROUBLE BECOMES
SERIOUS

"Suffered with severe headache, backache and pains in my legs and under my shoulder blade. My kidneys and bladder were in bad condition. I was weak and nervous and felt tired and worn out. Walking made me short of breath. Every morning my face and hands were bloated. Medicines failed to help my condition and doctors advised an operation," writes Maggie Nelson, Mossdale, Fla. "Fortunately I read about Foley Kidney Pills, tried them and got relief." Sayre & Hemphill, South Detroit St., Xenia.

STRESS W. C. T. U. WORK AT MEETING AT BEAVER CHURCH

The work ahead of the Woman's Christian Temperance Union and the success accomplished by that organization in past years, was stressed throughout the program of the McClellan W. C. T. U. Institute, held at the Beaver Reformed Church, on the Dayton-Xenia pike, Wednesday afternoon.

A large audience and enthusiasm marked the meeting, which was one of a series of similar gatherings staged under the Greene County W. C. T. U. recently.

The opening address was delivered by the Rev. E. W. Moyer pastor of Beaver Reformed Church, who spoke on "Responsibility." The speaker stressed the fact that each has his own part to perform, and it is everyone's duty to do it well. The opening for work in the McClellan Union, was explained by the Rev. Mr. Moyer, who is backing a movement to form a Boy Scout organization in the community.

A discussion on "Why I Wear the White Ribbon," followed, in which members of the organization, and the audience took part. Mrs. A. W. Jamieson, had charge of the noon-tide devotions.

Miss Ella Haas, head of the girls' welfare department, of the National Cash Register Company, Dayton, was the next speaker. Miss Haas discussed the broader vision gained by the girls, through the department in the factory, and the many opportunities they gained, through instruction. She brought a message back from the convention of the Ohio Women's Voters' League, last week, brought out by Judge Florence E. Allen, and other speakers, that law must be outlawed, and that it is up to the womanhood of the nation to see it through. She also brought out the fact that all matters of reform for the past thirty-five years, have found their birth in the W. C. T. U.

Miss Mary Ervin, member and national secretary of the L. T. L., who recently returned from a lecture tour of the eastern states, addressed the Institute. She said that, while it was thought by the public that the 18th amendment was not being enforced, that it had shown more power than it had been given credit for.

She said that the fate of the Wet and Dry question would be an issue at the next Congressional election.

Miss Ervin also urged the Greene County W. C. T. U. to carry on its work in doubling its membership. The woman gaining 50 members to the organization will have her expenses paid to the state and national convention in Columbus, in September.

Mrs. Earl McClellan, chairman of the L. T. L. work in the McClellan organization, gave a report of the work in the community, where the work is being advanced.

The Rev. Moyer played a flute solo at the close of the program, followed by a reading by Mrs. Henry Norckhaus.

Mrs. W. A. McDill, president of the McClellan Union, presided at the meeting.

LOCAL MINISTER OPENS ASSEMBLY

"The United Presbyterians are not trying to serve the world with one foot liberal and the other conservative," declared the Rev. Charles P. Proudfit, pastor of the Second United Presbyterian Church, this city, who delivered the opening address at the general assembly of the United Presbyterian Church at Buffalo, New York, Wednesday.

The Rev. Dr. W. R. Sawhill of Seattle, Washington, was elected moderator of the general assembly at the evening session.

FORGERY CHARGED TO CEDARVILLE MAN HELD FOR HEARING

Charged with obtaining more than \$200 by forging the name of J. W. Collins, Cedarville, to a number of checks, Roy Brown, 40, of Cedarville, is being held in the County Jail awaiting a hearing.

Brown was arrested at his home in Cedarville Wednesday night by Sheriff Morris Sharp and Chief Deputy John Baughn after Sharp had spent Wednesday in Dayton in attempt to find Brown there, where he was supposed to be employed.

Twelve false checks, made out to Roy Brown, signed with the forged name of J. W. Collins, and drawn on the Exchange Bank of Cedarville, are being held as evidence and Collins asserts that he has several more that will run the amount over \$200. The dozen checks held total \$150 and are dated from April 30 to May 12.

Brown is said to have cashed only one of the checks at the bank, and the others given as payment on purchases were endorsed and cashed by H. Bates, W. W. Trout, Thad Miller, H. W. Evans, G. M. Ridgeway, Robert Bird and Son, C. E. Masters, the Cedarville Bakery and others. The checks being held are for the following amounts: April 30, \$5; May 5, \$10.50; May 5, \$10.50; May 12, \$12.50; May 12, \$10.50; May 12, \$10.50; May 12, \$10.50; May 12, \$10.50; May 12, \$10.50; May 12, \$10.50; May 12, \$10.50; May 12, \$10.50.

When arrested Brown told Sheriff Sharp he had spent the money to buy clothes as he needed a new suit. He had only \$7.57 when arrested. Brown is married. His wife is colored and has several children by a former marriage.

MOVIE MEN SAY DAYLIGHT SAVING INJURES BUSINESS

Chicago, May 24.—Farmers and movie theater owners are ready to join hands in their fight against daylight saving time.

Speakers at the convention of the motion picture theater owners urged their members to wage a fight on the daylight saving laws. "Daylight saving is no economy for the moving picture theater owners," Sydney J. Cohen, president of the association, declared. "It sends the golfer to the links, the fisherman to the stream and the gardener to his backyard and multitudes of mothers to the front porch, when, without so much daylight after supper, all these people would be glad to go to the movies."

No definite action to amalgamate plans of farmers and the movie men to fight daylight saving time was taken, however.

The 30 years of motion picture photography, starting with Edison's "The Great Train Robbery," which cost \$400 to produce, were reviewed by the convention. "Stars in the Edison venture were paid \$5 a day and supers \$1," E. S. Porter, a pioneer among the motion picture producers, recalled. "Business men openly declared their diffidence in the probability that Edison ever would get his original investment back in the 'nickleodeon.'"

GEORGE VETTER OF SPRING VALLEY DIES

George Vetter, 84, died at his home in Spring Valley, Wednesday afternoon at 3:45 o'clock. Mr. Vetter had been seriously ill for the past ten days, suffering from hardening of the arteries, and a complication of diseases.

He was born March 29, 1839, and had resided in Spring Valley for the past 17 years. Before his retirement he followed the trade of carriage maker. Mr. Vetter's second marriage was to Miss Mary F. Burgess, in 1896, who survives him. The following children, by a former marriage, Charles Vetter, Canada; Mrs. Sarah Moore, East Palestine, Ohio; Miss Mary Vetter, Bozeman, Mont.; and Mrs. Minnie Baugh, Mrs. Florence Allenburg and Ernest Vetter, all of Jeffers, Montana, also survive. Another son, John Vetter, died several years ago.

Mr. Vetter was a member of the Mount Holly M. E. Church. Funeral arrangements have not been made, and will be announced later.

WITH BRYAN ON RELIGIOUS QUESTION

"I am with William Jennings Bryan in his religion but not in his politics," said Deputy Probate Judge S. C. Wright Thursday after his return from Indianapolis, where he attended the sessions of the Presbyterian Assembly two days.

"I am not in sympathy with his Democracy but I believe in his theology," said Mr. Wright, who listened to the Commoner make an inspiring address in which he was loudly and warmly applauded and then saw him introduce and motion which was emphatically defeated. "They applaud him but they won't vote for him," he said.

Mr. Wright, who is secretary of the board of trustees of Cedarville College visited the assembly for a conference with the board of education of the Presbyterian Church, with which board he met Tuesday night.

THE MISFIT By Jane Phelps

A SIGN OF BONDAGE

Chapter III

Among Natalie's admirers was Clyde Blackwell, a young clerk in the office. He was very much in love with Natalie, and before Horace Crandell's appearance on the scene had been often in her company. Etta approved of Clyde; he was steady, ambitious, had earned his way through college and had his way through in the world. He took Natalie to the movies, for an occasional Sunday outing and saved out of his slender salary so that sometime he might be in a position to ask her to marry him.

Natalie liked Clyde. He was a good-looking, wholesome fellow, and sure to get on even if he had nothing but prospects. He knew of her friendship with Crandell and watched it grow with apprehension. Like Etta, he believed this friendship could lead to only unhappiness for Natalie. But, unlike Etta he didn't believe Crandell would want to marry Natalie, he thought his rival was simply amusing himself, as so many rich young men do.

Unknown to Natalie, he kept a sort of watch upon Crandell and made inquiries about him. But he discovered nothing save that he was one of a coterie of young fellows whose money gave them freedom from work and the means to have a good time.

Indeed, Horace Crandell had rather an enviable reputation among his intimates. He "played the game" squarely and so far no scandal of any sort had attached itself to his name. Clyde had seen Natalie riding with him in his perfectly appointed motor car, had noticed how frequently Crandell made errands to the office. And he swore under his breath to make Crandell suffer if he were playing with Natalie.

"Natalie, I love you, dear! Will you marry me?" Horace Crandell leaned across the table where they were dining, screened from others by tall plants.

Natalie had known he would soon speak—what woman doesn't—but even so, his abruptness startled her.

"Why, Horace—"

"Don't say no, dear. I can't live without you, my lovely Natalie. Love is with her warm color coming and going her down-cast eyes, the lashes sweeping her cheeks.

"But Horace we are so different! I am just a poor working girl, and—"

"But you love me, Natalie—tell me?"

"Yes, Horace, I do love you." She raised her eyes to his face. "But—"

"Then but me no buts! Oh, you darling! And you'll marry me soon?"

"I haven't said I'd marry you ever, yet," she returned saucily.

"But you will!" He reached across the table and drew her hand to his lips.

"What will your mother say?" A fleeting shadow crossed his face. Then he replied gayly:

"Wait until she sees you. She's sure to love you."

The wooing had been quick, and now that he knew Natalie loved him

Crandell was all eagerness to possess her entirely. A month, he declared, was absolutely as long as he would wait. But Natalie laughingly refused to consider so short an engagement.

"Why, I have oceans of things to do—before," she hesitated. "There's my position with the firm. I can't leave Mr. Marshall until he finds some one to take my place, and I have to have clothes, Horace. Not many—she laughed, a bit embarrassed—"but some. Don't ask me to set the day now dear. Give me a little time to get used to you. Why, we have only known each other a few weeks."

"We never will know each other any better until you marry me, and I can take you away from that awful boarding house. I can't call on you there. Had to ask you to marry me in a public place and while I am dying to take you in my arms I have to sit on the opposite side of the table! You mustn't keep me waiting, dear."

"No longer than I can help Horace," Natalie replied.

The next day Horace brought her a ring, a wonderful stone that caused Natalie to exclaim in delight.

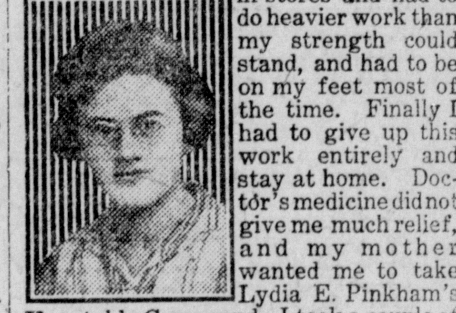

"A sign of bondage, darling," he said gayly. "Bondage to my love."

Wonderful Results from Lydia E. Pinkham's Vegetable Compound

Beloit, Wis.—"My female trouble was brought on by overwork. I had worked in stores and had to do heavier work than my strength could stand, and had to be on my feet most of the time. Finally I had to give up this work entirely and stay at home. Doctor's medicine did not give me much relief, and my mother wanted me to take Lydia E. Pinkham's

Vegetable Compound. I took a couple of bottles of it and thought it did not help me as much as it should, so I gave it up to try something else. Nothing I took helped me much, so I finally decided to give the Vegetable Compound another trial and to take enough of it to make sure it would help me. I have taken it over a year now and it has brought wonderful results. I have gained from 35 to 110 pounds and am keeping house now. My friends all notice the change in my health. HARDING CALLS BEST MINDS TO ADVISE ON TRIP

President to Make Eight Major Speeches Enroute To Pacific Coast.

WORLD COURT ISSUES

Chief Executive Abandons Original Plans and Will Stress Proposal

Washington, May 24.—President Harding is again calling in the "best minds" in the Republican party. He is enlisting their aid and thought in the preparation of the numerous speeches, which will dot his 15,000 mile trail from Washington, to Porto Rico, via Alaska, this summer.

For ten days past, prominent Republicans have been dropping in at the White House for chats with the President. Sometimes their visits have been formal but more often they have just "happened in casually," as Elihu Root and ex-Governor Frank O. Lowden, of Illinois, both explained it.

Most of the "best minds" that have come in contact with Mr. Harding up to today, have been of that variety that is committed to the world court and it is understood they have given the President much valuable ammunition for use in his summer campaign of answering administration critics. None of the so-called "irreconcilables" have been called in to date. In the preparation of his court speeches, the President is consulting only a few men outside his immediate official family. The suggestions of Secretary of State Hughes and Secretary of Commerce Herbert Hoover, the original proponents of the court scheme in the cabinet are always available.

In addition he had called in Colonel George Harvey, Elihu Root and Frank O. Lowden. Those who have talked with the President about his trip asserted today that by the time he reaches San Juan, late in August, he will have answered all or the criticisms that have been leveled at his administration policies, from foreign affairs to railroads and the tariff.

A few weeks ago, the President informed callers that he planned to make only one major speech on the world court on his journey. This plan has now been abandoned. It was learned today and it is likely that Mr. Harding will present his worst court and international views in the course of several major addresses.

Plans for the long trip were so far completed today that railroad officials were called in for consultation as to time schedules. After days of poring over the map and consulting advisers, it has finally been decided that the President will make eight major speeches enroute to the Pacific coast.

HAWAII TO SEE WAR GAMES.

Washington, May 24.—War games of the American fleet in the winter of 1925 will be staged off Hawaii, with the attacking squadrons swooping down from Alaska, it was learned at the navy department. This decision will be in line with the department's policy of alternating its cruising and battle performances between the eastern and western sides of the country. The next winter war games will be staged off Culebra island, 50 miles east of Porto Rico, in the Caribbean sea.

ONE MISSING IN OIL FIRE

Birmingham, Ala., May 24.—A negro pumpman was unaccounted for early today and an eighty thousand gallon tank of motor oil at the Wofford Oil Company's plant was still burning after an explosion which shook Birmingham and started a fire which, for a time, threatened the entire plant and the negro district in that part of the city.

FUNERAL SERVICES HELD

Funeral services for Mrs. Mary H. Hilmer, 81, widow of Squire William Hilmer of Zimmerman, who died at the residence of her daughter, Mrs. Frank Green, Alpha, were held Thursday afternoon at 1:30 o'clock, at the residence of Mrs. Green. Burial took place at Mount Zion cemetery.

ond passenger train, number 16, on a siding here today. Four were burned to death in fire which followed the collision. The negro porter of the stationary train was instantly killed. M. E. Stewart of Fort Worth, died of injuries. E. C. Reynolds, of Fort Worth, is the only man identified of those burned to death.

The injured were rushed to a hospital at Cisco. It was reported that the dead porter was responsible for throwing of the switch.

Dallas, Texas, May 24.—Texas and Pacific officials today asked Sheriff Dan Harston of Dallas County to furnish bloodhounds with which to trace persons suspected of having thrown a switch at Bolivar, Texas, west of Cisco, early this morning, causing a fatal wreck.

RUM FLEET GIVE UP—DISAPPEARS

Norfolk, Va., May 24.—After three days of watchful waiting in hopes that the alert coast guard cutters Mascoutin and Manning would relax their vigils, the steam yacht Istar, queen of the rum fleet, disappeared off the Virginia capes early today to join her sister ship, the Cartona, which put to sea early today. The schooner Mary Beatrice, liquor laden, in from Nassau boldly dropped anchor a few cable lengths from the Macoutin, beyond the three mile limit during the night.

BRIDGE DESTROYED— LOSS IS MILLION

Fort Madison, Iowa, May 24.—Loss of more than a million dollars was suffered, according to estimates, when the Santa Fe bridge, spanning the Mississippi river here was badly damaged by fire early today. Hundreds of passengers on trains were delayed when it became necessary to send trains to Galesburg by Burlington tracks and then switch them back to the Santa Fe.

Origin of the fire is unknown. The blaze was discovered about midnight and burned fiercely several hours despite combined efforts of railway firemen and those from Fort Madison and Dallas City.

RECIPROCITY PLAN PASSED BY CHAMBER

Ottawa, May 24.—By a majority of only eight votes, the Chamber of Commerce passed the budget of finance minister W. S. Fielding, containing a reciprocity offer to the United States.

In closing the debate, Fielding said: "We stand for reciprocity with the United States. The Liberal party is ready to negotiate reciprocity with Washington, whenever we can get a reasonable agreement."

GOVERNOR NOT TO ATTEND

Columbus, May 24.—Governor Donahay has informed Senator LaFollette that he will not attend the railroad conference to be held at Chicago Friday and Saturday. Donahay said he would not in any way associate himself with the movement designed to squeeze billions of dollars of alleged water out of American railroad capitalization, repeal the Esch-Cummins transportation act, force big cuts in rail freight rates and ultimately to cause nationalization of the railroads. The governor said he would not even send a representative to the Chicago meeting.

FIRPO TO MEET WILLARD.

New York, May 24.—Louis Angel Firpo signed a contract to meet Jess Willard on July 7 in an elimination bout for a Jack Dempsey match, Tex Rickard, promoter, announced here. The place has not yet been decided upon, Rickard said.

SAFE CRACKED.

Marletta, O., May 24.—Robbers blew the safe in the office of the Leader store here and secured between \$1,300 and \$1,500 in cash and checks.

FIREMAN KILLED.

Montreal, Que., May 24.—One fireman was killed and seven injured when fire early today attacked the plant of the Canadian Saw Trust Company. Another fire at the Montreal Harbor Commission caused a loss of \$175,000.

Mrs. Florence Leeds

Baby day Leeds

A new turn in the Stillman divorce scandal—which shook the nation when James A. Stillman, then head of the National City Bank, the greatest financial institution in America, charged that Fred Beauvais, a Canadian-Indian guide, was the father of Guy Stillman, youngest son of his wife, Mrs. Anne Urquhart

Stillman—has been reached. Mrs. Stillman, was vindicated, and she in turn charged that Stillman was the father of Jay Leeds, son of Florence Leeds, a former stage beauty, and that Stillman was maintaining Mrs. Leeds in luxury. Now Mrs. Leeds declares she is contemplating suit against Stillman for the \$1,500 a month he formerly paid

her for the support of the child. She alleges Stillman paid this sum all during the divorce suit and then cast her off. Mrs. Stillman, in a remarkable interview, declared her children had been brought up to believe Jay Leeds was their half-brother and offered to rear the child herself if Mrs. Leeds has to give it up.

GOVERNOR DECLARES WAR ON GAMBLING AS SON LOSES MONEY

Columbus, O., May 24.—Governor Donahay has declared war on gambling. In a proclamation issued and directed to Mayors, sheriffs and other executive officials, the governor declared that gambling on baseball, punch boards and slot machines must stop in Ohio, or the officers entrusted with law enforcement, who continue to allow gambling, will find themselves displaced.

It is believed by friends of the governor that prime cause for the order is because of the fact that his ten-year-old son, Vic, Jr., fell afoul of baseball pool gamblers, and lost his weekly allowance of spending money.

The governor is said to have concluded that gamblers who permit ten-year-old boys to indulge in games of chance should be curbed.

GET BACK TO FUNDAMENTALS URGES HARDING IN ADDRESS

President in Talk Before Citizenship Society in Washington Declares Democracy Is Not on Trial For Its Life.

Washington, May 24.—Human society has never faced a more complex or difficult period than that through which it is now passing, President Harding declared here today, in addressing the American National Council, an organization to promote better citizenship.

The one fundamental for America to cling to, he said was that written into the preamble of the constitution and he advised an audience of prominent men and women "to get back to it."

To all those who may have doubts as to where America is heading, in

RUSSIAN REFUGEES TO FIND SAFE HAVEN IN U. S. AFTER HARDSHIPS

Otagap, P. I. May 24.—Probably the most heterogeneous collection of humanity ever embarked for a trans-Pacific voyage today made its way aboard the U. S. army transport Merritt, which will be their "ark" to carry them to America—their promised land.

They are the 565 remaining souls of the band of 8,000 that fled Russia last winter with Admiral Stark on the famous "white" fleet.

The tropical heat nearly brought serious complications to the proposed voyage of the refugees.

An hour and a half after the Merritt left Manila for Otagap to pick up the main body of refugees, the Russian stokers keeled over and the remainder of the Russian engine room crew quit exhausted. A hasty roll call among the 100 refugees aboard secured enough volunteers to stoke the engines for the balance of the voyage.

When the Merritt sails late today or tomorrow, Admiral Stark, leader of the gallant little band, will be left behind with sufficient men to guard the "white fleet" on which the refugees made their voyage here and which represents largely their "capital." Enough money remained in the gold boxes of the refugees for Admiral Stark to pay the ten dollar gold immigration fee for each refugee. The refugees came aboard singing and laughing, elated over the prospects of finally finding a safe haven of refuge in America. They are extremely grateful to the people of the United States for allowing their entry.

The crew of the Merritt will be made up entirely of the refugees except the ship's officers and a few cabin boys. The crew will receive the salary of one cent monthly for the voyage. This is the Merritt's first voyage since 1912. The Merritt is due to arrive at San Francisco about June 1.

PEACE ASSURED

London, May 24.—Restoration of amicable relations between Britain and Russia is foreshadowed as a result of a long conference between Lord Curzon and Leonid Krassin, chief soviet commercial agent, at the British foreign office.

During the conference the Russian trade envoy presented a note from Moscow in which were portrayed the terrible consequences to the general peace of Europe which would follow a break between the two countries.

George Breakall, two year old son of Mrs. Etta Breakall, of Dayton, died Tuesday morning at the residence of his mother, 170 Kilmer Street. Funeral services were held Thursday morning at 10 o'clock at the residence with interment at Woodland cemetery, this city.

RED WAVE OF COMMUNISM THREATENS THE RUHR AS BIG OUTBREAK OCCURS

French Military Occupation Results in Casualties As Rioting Breaks Out In Two German Cities—Reds Create Terror

Berlin, May 4.—A red wave of communism today threatened to roll through the Ruhr as the result of French military occupation. Heavy fighting was reported from Gelsenkirchen and Dortmund, six persons being killed and seventy wounded in the former city.

The total death list is believed to be about nine. News of the outbreak caused much anxiety to German officials. Communists are in control of Gelsenkirchen, but the situation at Dortmund has calmed down.

Reds at Gelsenkirchen stormed all public buildings, applying the torch to those they could not hold.

After seizing Gelsenkirchen the Reds began a ruthless reign of terror. They were assisted by absence of police, the regular force having been disbanded by the French some weeks ago.

In order to handicap the firemen—who were acting as voluntary police—the reds began a widespread campaign of incendiaryism starting fires all over the town.

French troops, instead of aiding the German citizens adopted an attitude of "benevolent neutrality."

The determination of the reds to roll unloosed chaos was shown by their conduct after occupying Gelsenkirchen police headquarters. They seized all the records and threw them into the street from the windows.

According to authoritative information this afternoon, danger of a general strike throughout the Ruhr is lessening. The rank and file of the German workers are anti red.

Feverish activity was reported on the part of communists at Bochum, but no word of fighting had been received from there.

Essen, May 24.—Several persons were killed and many wounded in fighting which raged throughout the night at Dortmund. Clashes also took place between communists and police at Gelsenkirchen.

Firemen were organized into volunteer police and were assisted by members of the Citizens Self Defense league. Gelsenkirchen was gripped in a reign of terror all night with gusts of firing in the streets. A well organized red revolutionary movement has arisen in town along the northern boundary of the Ruhr as a result of French occupation. The total membership of the communist organization in the Ruhr is put at 30,000.

There are about a half million workers in the Ruhr, many of whom were driven by dire misery into the

ranks of the red. This applies especially to the coal miners.

The reds are threatening a general strike unless the following demands are met.

1.—Disarmament of the citizens' self defense league;

2.—Non-interference by firemen in the activities of the communists;

3.—Police duties be given to the communists.

U. S. TROOPS NOT ORDERED TO FIGHT

Washington, May 24.—Official denial was made at the State department today that any orders had been issued to Jacob Gould Schurman, the American minister at Peking to employ United troops against the Shantung train bandits.

The department is awaiting further advices from Peking on the progress of the new negotiations to free the Americans and other foreign prisoners, and it was stated that the government is not yet ready to resort to military measures against the Chinese outlaws.

TURK SOLDIERS THREATEN GREEKS

Athens, May 24.—Fifty thousand Turkish troops have been concentrated in Thrace for action against the Greeks, according to a report received here today from Salonika.

The Greek premier denies that this country is sending any reinforcements to the Maritza river—the Graeco-Turk boundary in Thrace. The situation in the Balkans has become serious.

Reports from Lausanne say allied statesmen are nervous over the situation, fearing an outbreak of war. There is anxiety that Bulgaria, Yugoslavia and Russia may be dragged in if a clash takes place between Greece and Turkey.

MORGAN ELECTED

Arthur E. Morgan, president of Antioch College, Yellow Springs, was re-elected vice president of the American Unitarian Association, unanimously at the annual meeting in Boston, Tuesday.

Dr. Samuel A. Eliot, Cambridge, Mass., was made president.

MOSCOW TO MAKE REQUEST THAT U. S. RECOGNIZE SOVIET

Krassin in London Issues Statement of Russia's Intentions

London, May 24.—Leonid Krassin, special envoy of soviet Russia, intimated today in an exclusive interview with International News service that Moscow will shortly make overtures to Washington requesting recognition of the soviet government.

Krassin came to London to negotiate a settlement of the Russo-British dispute over issues involving fishing rights, property seizures and alleged infractions of the Russo-British commercial treaty. He revealed that he is anxious to go to Washington to see what he could do towards inducing the United States government to adopt a more friendly attitude toward the bolshevik government.

DISASTROUS FIRE OCCURS IN CAPITAL

Columbus, O., May 24.—Fire and water damage estimated at between \$25,000 and \$50,000, was caused by a blaze in the Hartman-Standard block, Rich and Third Streets, here late yesterday. One hundred girls employed by the Inskip Glove Manufacturing Company will be out of work until machinery has been overhauled, it is said.

The J. C. Williamson Furniture store suffered a \$13,000 loss from water soaked stock. The Standard Poolroom and the Hartman Dairy Farm offices also sustained considerable damage from water. The cause of the fire is unknown.

COURT AFFIRMS STILLMAN ALIMONY

New York, May 24.—The decision of the Supreme Court Justice Morschauer, awarding Mrs. Annie U. Stillman, \$7,500 a month alimony and \$15,000 counsel fees against James A. Stillman, former president of the National City bank, was affirmed today by the appellate division of the supreme court in Brooklyn.

Justice Morschauer's decision was made on February 10, last.

Stillman had appealed the award. There was no opinion given by the appellate division in its decision today.

Stillman, in his appeal, said he had given Mrs. Stillman \$219,833.35 in addition to counsel fees of \$35,000 and additional fees of \$12,500.

CHURCH CONVENTION IN FINAL STAGES

Indianapolis, Ind., May 24.—The 135th general assembly of the Presbyterian Church of the United States prepared to complete its work and dissolve today after a week of history-making sessions.

Threatened schisms over evolution and questions of heresy failed to develop.

The Presbytery of New York was directed to take whatever action necessary to require preaching and teaching in the First Presbyterian Church of New York to conform to the system of doctrines taught in the confession of faith, and report of the committee on plans for 1924.

CORN MUST BE REPLANTED.

Columbus, May 24.—The corn crop of Ohio has received a serious setback as the result of the heavy rains during May, according to State Agricultural Director Truax. Nearly all the corn in level or low fields will have to be replanted and as a result, if an early autumn comes, a shortage will be felt. At any rate a late crop is forecast and such grain is never as good as an early or normal output, Truax declared.

HERE IN INTEREST
OF T. B. HOSPITAL

Members of the hospital committee of Xenia Aerie of Eagles, with Mrs. Robinson, of Springfield, who is inspiring interest in the district tuberculosis hospital at Springfield, met with County Commissioners here Wednesday afternoon.

Mrs. Robinson is attempting to interest commissioners in a bond issue to financially aid the institution. Now said to need considerable improvements. Eagles in the four counties that support the hospital are conducting a campaign of interest in the hospital with the view to improving conditions there.

Rheumatism

And with it pain and its probability of reaching the heart.

"My Rheumatism is all gone." again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you. There is a reason why S. S. S. will help you. When you increase the number of your red blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run-down, tired men and women, beautifies complexions, makes the flesh firmer. Start S. S. S. today. It is sold at all good drug stores. The larger size is more economical.

Kellogg's Bran is prepared to do one thing—AND DO IT WELL!

Kellogg's Bran will permanently relieve constipation, mild or chronic. It is scientifically prepared for that purpose. It is ALL BRAN, therefore it has the necessary bulk to assure results. Foods with a small bran content cannot afford permanent relief.

When your physician or friends advise you to eat Kellogg's Bran, you follow on for the purpose of eliminating a dangerous clogging-up and toxic condition of your system. You can't afford to take half-way measures! Think of the lost time and the dangers of illness you are daily dodging!

What you must have is real bran—KELLOGG'S BRAN, and if you will eat it regularly each day you will become a different person within a week or so. Kellogg's Bran, with its natural bulk, sweeps, cleanses and purifies. It not only gives relief, but it regulates the bowels. Every member of your family should eat it—every day—at least two tablespoonsfuls; in chronic cases as much with each meal.

Try Kellogg's Bran mixed with a hot cereal, or cook it with hot cereals, adding two tablespoonfuls of Bran for each person. Other popular ways are to sprinkle Kellogg's Bran on hot or cold cereals or to eat it as a cereal with hot milk. You can make delicious bakery products with Kellogg's Bran. Recipes on every package.

Kellogg's Bran is not only nationally sold in grocery stores, but can be had in individual packages in first-class hotels and clubs. Ask for it at your restaurant. Be certain to eat Kellogg's Bran daily for health's sake!

FUNERAL SATURDAY

Funeral services for George Vetter of Spring Valley, will be held Saturday afternoon, friends to meet at the home at one o'clock with services at the M. E. Church at Spring Valley at 1:30 o'clock, in charge of the Rev. T. M. Scarff. Interment will take place at Spring Valley.

SPLENDID PROGRAM GIVEN AT 1ST U. P. MISSIONARY SOCIETY

The Woman's Missionary Society of the First United Presbyterian church met Wednesday afternoon in the church parlor, which were made attractive and home-like with a profusion of spring flowers.

Mrs. Austin M. Patterson, presided at the meeting, announcing the twenty-third Psalm, which was sung with piano accompaniment. Mrs. E. H. Carruthers had charges of the devotional exercises, assisted by Mrs. T. H. Bell and Mrs. Emma McCalmont.

The regular business of the society was transacted with satisfactory reports. Mrs. J. S. Van Eaton, led an interesting questionnaire on the fifth chapter of the study book "The Trend of the Races," to which Mrs. Arthur Dean, Mrs. Frank Hagler and Mrs. Roy Marshall responded.

Mrs. Van Eaton read an interesting letter received by Miss Emily Holmes of this city, from Mrs. W. M. Brewster, formerly of Bellbrook, now of the Rebekah McCabe Orphanage of the M. E. Church at Hangchow Mission in China. Miss Holmes assisted in the support of an orphan in that mission.

The society adjourned, each member reciting a verse of Scripture, and the Lord's Prayer. A social time followed the program.

PRESIDENT WILL STUDY ALASKA AT FIRST HAND.

NUMEROUS VITAL PROBLEMS AWAIT SUMMER VISIT OF CHIEF EXECUTIVE.

Alaska is one of the many paramount problems confronting the Government of the United States.

Whether this vast expanse of land, containing huge mineral riches, surrounded by almost endless tracts of ocean waters teeming with sea food and fur-bearing animals, shall be developed or allowed to remain dormant is the question that has induced President Harding to visit this territory during the summer.

The President will be accompanied by the Secretary of the Interior, the Secretary of Agriculture and the Secretary of Commerce, and for the first time in history the Chief Executive of the Government will tour this Northern country.

Inestimable riches and hidden treasures are still hermetically sealed in its natural recesses awaiting development. The total area of Alaska is 590,884 square miles. Its immensity can only be realized when a comparison with the area of the United States shows that it is one-fifth as large as the total territory embraced in the forty-eight States of the Union.

The population of Alaska presents an interesting problem. For years after this country became American territory there was a slow but gradual increase in the number of inhabitants. Ten years ago, following the census of 1910, the population began to dwindle, and as a result 10,000 persons left Alaska between 1910 and 1920. Its permanent population is now fixed at approximately 60,000, of which about one-half are whites and the other half Indians, Eskimos and persons of divers nationalities.

Alaska's greatest resource is its mineral wealth. There are gold, silver, copper, zinc, antimony and tungsten in immense quantities. Deposits of coal, including bituminous and lignite, have been found. So have oil and petroleum, in addition to platinum, lead ores, quicksilver, graphite and asbestos.

The fisheries of Alaska make up its principal commerce. Salmon, herring, clams, shrimps and other sea foods in abundant quantities are taken from its waters annually, and an immense canning industry has been built. In 1922 \$34,720,000 in fish products were shipped from the territory, representing an increase of \$12,000,000 over the previous year.

In the popular fancy, Alaska is supposed to be a forbidding, ice-covered, glacier-crowned land of dog teams and polar bears. The truth of the matter is that it is a country of delightful climate, many months of the year, with an area of 100,000 square miles fitted for agricultural development and capable of producing crops of almost endless variety.

The American Government has just completed the construction of a railroad through the far-off wilderness of Alaska at a cost of about \$6,000,000. This line extends from Seward to Fairbanks, a distance of 467 miles, penetrating into the very heart of the territory, and is the first railroad ever built and operated by this Government.

The administration of the affairs of the territory of Alaska is now in the hands of thirty-five different departments and bureaus of the Government. The various functions performed by them consist of 135 activities dealing with every conceivable phase of governmental supervision and jurisdiction.

The complexity of governmental activities that govern the territory, therefore, presents an enigma in itself that must be untangled before this country of vast resources can be opened up. A summary of some of the problems that the President and the members of his Cabinet will study during their tour to Alaska follows:

Whether the complete jurisdiction over the whole of Alaska shall be vested in a single department of the Government.

Whether a colonization and immigration plan shall be immediately put into effect.

Whether there shall be built up a corps of trained men with headquarters in Alaska to search out and report regularly upon the mineral resources of the territory.

Whether branch lines and spurs to the Alaska Railroad shall be constructed to bring it into fuller usefulness in meeting industrial needs.

Whether there shall be more liberal appropriations for the building of roads and trails in the interior of Alaska, a regular appropriation of \$1,500,000 annually being asked.

Whether the fishing industry is to be wholly checked and regulated through the vesting of supreme power to control it in the Department of Commerce.

Whether the Government is to eliminate the dangers of navigation on the coast of Alaska by providing a sufficient number of lights and other warnings to navigators.

Whether steps are to be taken to further protect the seals.

Whether all law-enforcing agencies in the territory shall be consolidated under the Department of Justice.

Whether the mining and land laws of Alaska shall be liberalized.

Whether improved facilities for travel and commerce to Alaska shall be put into effect by placing vessels of the United States Shipping Board into the Alaskan service.

Whether an allotment of a percentage of the revenue derived shall be erected by the Government.

Whether tourist roads shall be constructed into the national parks of Alaska in order to open them to the public.

Whether a new game law shall be enacted covering the territory of Alaska that will secure conservation of its wild animal life.

Whether an allotment of a percentage of the revenue derived from the Pribilof Islands located in Alaskan water shall be made to general fund of the territory.

HUBERT WORK,
Secretary of the Interior.

NOW FOR HEAVEN'S SAKE DON'T GO AND TRY TO DOMESTICATE A LOT OF WILD CATS AGAIN

1903--Twenty Years Ago--1923

Xenia has never been so prosperous as at the present time. There is hardly a private residence in the city for rent and the demand for houses is something unusual.

The most terrific downpour of rain which has been witnessed in years in this section came last night. The clouds appeared to open and the town was a perfect river. Many persons were very much alarmed and thought that Xenia was going to have another flood.

One of the features of the Wild

West parade in Xenia today was the appearance of young Robert Kingsbury on his pony. He was in company with one of the cowboys and looked a typical wild westerner.

Forest Dunkle, one of the carriers of the Daily Gazette had an odd experience Saturday, while making his collections. After leaving his bicycle on a lawn, he found upon returning that a snake had entered the hollow handle bar. Efforts to dislodge the fellow proved fruitless, but hot water soon did the trick and the snake was dispatched.

A HUSBAND'S LETTER

I have had the following letter in my possession a long time, and have decided to print it to show my Women Readers the point of view of one husband.

"Subscriber" writes: "You wonder what a man would say on the question of having his wife stay young and attractive and a good comrade."

"My wife, though an excellent housekeeper, keeping the home scrupulously clean and tidy, a good table, and so forth, has not the knack of dressing attractively nor of being entertaining."

"I think that means a whole lot in the happiness of marriage."

"Thinking to arouse interest and thought of appearance, I procured a book on the subject of Personality of Dress, but it was laid away on the shelf; to discuss the matter is to be dismissed with a shrug and a pout, to talk of exercise evokes no response."

"The lack of interest, of indifference, advances may be better understood if I illustrate."

"Last New Year's Eve an invitation was received to a supper and dance at a club located in the city. Arrangements were made to attend and I expected and hoped my wife would wear a pretty evening gown which I had given her and which suited her build and color, and had only been worn once. Imagine my feelings on seeing another gown laid out which was not so suitable. On expressing a wish that the pretty gown be worn, excuse was made that she did not think any evening gowns would be seen."

"This may seem like foolish male notions, but on impulse I have decided to express an opinion, as I wonder how many women fail to use and improve their charm and attractiveness by a little exercise, care and thought in dressing."

"What do the Women Readers think? This letter interested me because a great many of my masculine correspondents think their wives spend too much thought and time on

Dressing!

American Nurse.—To color light eyebrows you can use stain made by steeping walnut shells in boiling water until the water turns a deep shade of brown, after which add a tablespoonful of salt to set the color. Apply this liquid with a fine camel's hair brush, taking care not to touch the skin, as this, too, will take up the stain. Such applications will have to be repeated as often as there is need, but the stain is preferable to using a hair dye, as it will not injure the hair.

Annie L. S.—Use a cream or olive oil for nourishing the tissues. Cocoa butter should never be used on the face and throat.

Hopedul.—Have a dermatologist remove the mole, including the hairs, and you will be quite safe in having it done.

L. V. S.—The sulphur and molasses tonic is made by mixing flour of sulphur with enough molasses to form a smooth paste. The time to take it is after the cold weather has gone, as this mixture, or any other blood purifier, will cool the blood.

THE GAZETTE And THE REPUBLICAN Information Box

All questions asked by our readers will be answered in this column. Medical and legal subjects are barred. Address all queries to "Information," this paper.

Mrs. R. S.—"Harum-Scaum" is a perfectly good word used in connection with a person who is exceedingly wild, reckless, or thoughtless. The word probably originated from a combination of the two English words, "hare" to worry, and "scare" to frighten.

Mrs. Home.—The time requisite for baking partridge is, on the average, 35 to 40 minutes in the oven.

New Reader.—The nucleus of the air force for the suppression of bandits and river pirates in and about Peking is formed by licensed pilots from American and Chinese air schools.

Outrigger.—There is a snake found in South Africa known as the Black Mamba. He is able to travel so rapidly as to keep pace with a galloping horse. A strange thing about him is that the natives, when pursued, strike for the nearest good road, as the snake cannot travel nearly so fast over smooth as on rough, uneven ground.

Monford Slagle

For Your Back and Kidneys You Will Have Vigorous Vitality if You Follow This Advice

Columbus, Ohio.—"Dr. Pierce's Anuric (kidney and backache) Tablets are the best medicine I have ever taken for kidney disorders. My kidneys were congested and inactive, my back ached and was so sore I could not bear to touch it. In addition to my kidneys hurting, my bladder was very weak. I wrote to Dr. Pierce for advice and upon his advice I took the Anuric Tablets and the result was wonderful. I had taken Anuric only a very short time when I was rid of all my bladder weakness and my kidneys became active and normal. I do not suffer any more with my back. I would advise those who suffer with any kidney disorder, bladder trouble to take 'Anuric' without delay."—Monford Slagle, 447 N. Rich St.

Help your weakened kidneys by obtaining this "Anuric" (anti-uric acid) of Dr. Pierce at your nearest drug store or send for trial pkg. to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or write for free medical advice.

CARE
It wasn't so very long ago that the great corporations and businesses of the country had it in their heads that the public was the second one to be consulted and considered when it came to service.

Their interests came first—then the public. But today most of this attitude has been changed. The big men of world have come to understand that the public makes them most of what they are—that its helpfulness is more supreme than their power.

And so everywhere, in business and in the private lives of people, more than at any other time there is the spirit of consideration abroad.

If you care what the other fellow thinks, he is going to care what you think.

Only through co-operation and conciliation are the vastest plans put through to their greatest success.

Care what is going on in the world. Make all interests your interests so far as is possible.

Every man who wins in this world

at once becomes an inspiration for every other man who has not yet won.

Keep caring. Not only be willing to give as much as you take—but try to keep giving more.

KIDNEY TROUBLE BECOMES SERIOUS

"Suffered with severe headache, backache and pains in my legs and under my shoulder blade. My kidneys and bladder were in bad condition. I was weak and nervous and felt tired and worn out. Walking made me short of breath. Every morning my face and hands were bloated. Medicines failed to help my condition and doctors advised an operation," writes Maggie Nelson, Mossdale, Fla. "Fortunately I read about Foley Kidney Pills, tried them and got relief." Sayre & Hemphill, South Detroit St., Xenia. adv

The Fifty-Horsepower Motor Fills the Hood!

YOU need not be an engineer to appreciate Jewett's great power. Just look under the hood at the Paige-built motor. No car within \$200 of the Jewett price has a motor of equal piston displacement—249 cubic inches. And Jewett's power is not obtained at the expense of high engine speed, with its premature wear.

From the six cylinders, 34x5 inches, a moderate r. p. m. gives peak power. However unusual the emergency, Jewett never strains to meet it, but handles every situation smoothly and easily. In a word, there's Paige quality in every particle of Jewett power. Let us prove to you there's no motor like it in the thousand-dollar field!

GOOD YEAR

URGES HORSEWHIP FOR STILLMAN

New York, May 24.—James S. Lawlor, a Sixth avenue plumber and father of Mrs. Florence Leeds, the discarded mother of the 5-year-old boy, Jay Ward Leeds, declared he would "horsewhip" James Stillman if the latter is placed in position to marry Florence and doesn't do it. But Mrs. Leeds' mother, from whom she has been estranged for years because of her life with Stillman, a white-haired woman, was said to be vehemently opposed to a marriage, even if it were possible.

Meanwhile the expected legal action of Mrs. Leeds against Stillman, to compel him to provide for the boy, did not develop, although Mrs. Leeds says she has 200 letters she is ready to offer as testimony in proof of Stillman's paternity of the child. Mrs. Leeds said that if Stillman were in a position to marry her and offered to do so she would marry him, but only to give a legal name to her boy, and that she would leave Stillman immediately afterwards.

It was believed that this statement of Mrs. Leeds carries the intent of instituting a breach of promise suit against Stillman if he is divorced.

DANGER OF BREAK WITH SOVIET AVERTED

London, May 24.—Danger of an immediate rupture between Great Britain and Soviet Russia has been dissipated by the conciliatory note from Moscow transmitted to the British foreign office by Leonid Krasin, it was admitted by British officials today.

British foreign office officials said the communication represented an advance by Russia beyond any concessions previously made. It is believed the document affords a basis for future discussions.

A ministerial council was summoned to consider Great Britain's rejoinder.

BALDWIN STRIKES SNAGS IN WORK

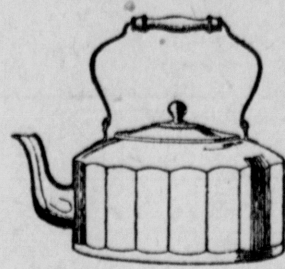

London, May 24.—Premier Stanley Baldwin began to strike snags today in his task of reforming England's Tory cabinet. Sir Robert Horne, former chancellor of the exchequer, who was offered that post in the new

government, sent word he could not accept, owing to personal business interests.

Austin Chamberlain is due from Paris this afternoon. He has been offered a post in the new government, but he probably will confer with Sir Robert Horne before giving a definite answer.

The Tory party is still split as a result of the "offensive" of the Tory "die hards" against the Lloyd George coalition ministry, which accounts for the refusal of certain members to join the Baldwin government.

MEMBERS OF CLUB ARE SHOWN THROUGH TELEPHONE PLANT

Nineteen members of the Xenia Business and Professional Woman's Club were conducted on a tour of inspection of the central office of The Ohio Bell Telephone Company here Wednesday evening, through the courtesy of H. W. Cleaver, manager.

The club members were initiated into the mysteries of how calls are received and connected properly by the "hello" girls at the exchange, in their inspection of the operation room in which they were conducted by Miss Ella Wilkin, chief operator and Miss Stella Toohy, supervisor. They were then shown the operation of the terminal and battery room by Charles Sogge, wire chief and Ben Folek, plant chief.

Enthusiastic interest in the trip was expressed by members who will make up another party to visit the plant here again soon. Those in the party were Misses Allegra Hawes, Mina St. John, Cora McDonald, Loretta Fannin, Clara Wright, Elsie Canby, Nellie Barker, Edith Need, Edith Marshall, Ray Leebetter, Florence Mitchell, Clara Marshall, Ella Ambuhl, Mary Crow, Olivia Cost, Louise Shaffer, Helen Evers, Effie Norris and Mrs. Winifred Armstrong.

Xenia Boy Scouts will inspect the plant through the courtesy of the management next week.

Styles BY LENORE

It is not so easy in the summer time to make a dress that is dark enough in color not to soil easily, firm enough in texture of material not to wrinkle badly, and at the same time light enough to be cool and summery. A dress, for example, that may be worn on the train when it is necessary to come into town for a day's shopping.

To meet this need, a number of the smart shops are showing dresses

made of sponge, which this season is being shown in a variety of colors that are both practical and truly smart. Particularly attractive are the weaves which combine a color, such as brown, medium blue, or green, with white, producing a mixture in a lovely softened tone of the color.

It is one of these which is used for the semi-tailored dress illustrated in the sketch. The skirt is entirely plain, cut on straight lines, and the blouse is about finger-tip length, with a stunning idea embodied in the trimming, which is thin-skinned leather—bright blue on the turned-back cuff, and narrow strips of varying widths in blue, red green, and yellow leather forming the collar and finishing the pockets.

CONSECRATION OF FATHER HOWARD.

Columbus, May 24.—Consecration of Rev. Messrs. Francis W. New York, May 24.—Having reached an agreement with Tex Rickard for the scheduled bout with Jess Willard to be held not later than July 7, Luis Firpo, the Argentine heavyweight, will leave for Cuba today. He is scheduled to meet Joe White, an Alabama heavyweight, at Havana early in June in a fifteen round bout and later will go to Mexico City where he will face Jim Hubbard in a twenty round bout.

K. R. T. SHOULD FURNISH THRILL

In what should prove to be a good baseball game the Xenia Bayliffs will tackle the Wilmington K. R. T. nine at the Washington street Park Sunday afternoon.

The Clinton County nine is recognized as one of the best around these parts. So far this season they have taken the scalps of the Wilmington Yanks by a 3 to 2 count and another time handed the Yanks a 7 to 3 beating.

In Cantrill the Wilmington team has a star mound artist who will make the best of them step to come out on the long end of the count. Cantrill is a right hander and pitched for the Wilmington College nine in the 1921 season. He beat the Home lads by a 20 to 10 score, that year Cantrill fanned 20, walked 3 and let the Home lads down with 7 safeties. The K. R. T.'s have another star performer in Hale who plays first base. He also starred for the College several seasons ago. The rest of the team is said to be of high caliber.

The Bayliff club as it is now, seems to be well fortified. The loss of Furnas, who played third for the local nine, will no doubt be a blow to them but Manager Bayliff has already signed a new player from Dayton. This lad is Munger and he is at present playing bang up war for the Indians. In the game against the Maxwells last week Munger was up four times and got two hits while in the field he accepted four chances without a fluke. The signing of Munger should give the club additional punch. He will play at third.

McDonnell, who has been showing great form in the box will probably start the game. With the proper support in the field he will be hard to beat. Curt Free, former Reserve twirler, has also signed up with the Bayliffs. Curt beat the Wilmington Clintons back in 1916 by a 5 to 1 count. In any case the game is almost certain to develop into a hurling battle because McDonnell, Free and Cantrill are all crack moundsmen. The Bayliffs will present the following lineup: Stiles rf, Tucker lb, M. Leahy 2b, Munger 3b, Early ss, F. Leahy lf, Ackerman cf, Bayne c. The K. R. T. will have Engle c, Cantrill p, Ellinger ss, Hale 1b, Barn 2b, Hironimus 3b, Temple lf, Stealman cf, and Kerr rf.

The game will start at 2:30 o'clock with two umpires in charge. The same prices of admission will prevail. All those who have rain checks from last week's game will be admitted upon the presentation of them at the box office.

BELMONT RACES START

New York, May 4.—The Metropolitan handicap, at a mile, with \$5,000 added, will open the racing season at Belmont Park today. Ten thoroughbreds will go to the post.

HOME TO PLAY IN SPRINGFIELD
The O. S. and S. O. Home Cadet baseball team will play the I. O. O. F. Home team at Springfield, Saturday afternoon, at 2:30 o'clock.

Last season the Cadets from this city defeated the Springfield aggregation. The lineup: Xenia—Shorman, cf; Lee, rf; Lewis, lf; Jackson, 1b; Turney, 2b; Noland, ss; Smith, 3b; Waterman or Brewster, c; and Wood or Torrence, p. I. O. O. F.—Homston, cf; Sneedeb, rf; Emmick, lf; Lober 1b; Burton 2b; Watts ss; Woodyard, 3b; Snider or Burton c; Hickman cf; Snider p.

FAIRBORNS TO PLAY

The Fairborn Athletics will meet the Springfield Athletics Sunday afternoon at the Osborn diamonds. The Springfield team is one of the best semi-pro traveling organizations in this section this season, and have

CARR GAINS 10 POUNDS AND IS NOW ALL RIGHT

Fort Wayne Man Was About To Give Up Position Because of Frightful Pains in Stomach—Takes Dr. Thacher's Liver and Blood Syrup and Soon Recovers His Health.

"I suffered from such frightful pains in my stomach that I felt like I had swallowed poison; but since taking Dr. Thacher's Liver & Blood Syrup I never have a bit of trouble and feel like a different person" recently said Gary L. Carr, well-known inspector employed by the General Electric Company for several years living at 212 W. Superior Street, Fort Wayne, Ind.

Mr. Carr's wonderful recovery is not surprising in view of the fact that this well-known remedy is made from the favorite prescription of Dr. H. S. Thacher, one of the most eminent physicians of the South, whose great success in the treatment of the stomach, liver and circulation system gives him an authoritative position among practitioners of the present day.

"Actually, I couldn't eat a thing hardly without suffering agony for hours," continued Mr. Carr. "Gas would form and rack my whole system with pain. My stomach would cramp. I was constipated and my liver and kidneys did not work right. My back would hurt so at times I had to prop myself up with a pillow. My head ached like it would split, my nerves were wrecked and I felt so miserable I was on the verge of giving up my position."

"Reading so much about Dr. Thacher's Liver & Blood Syrup I got a bottle and felt so much better I kept on with it till I completely recovered. I gained ten pounds and feel stronger and better now than I ever did in my life."

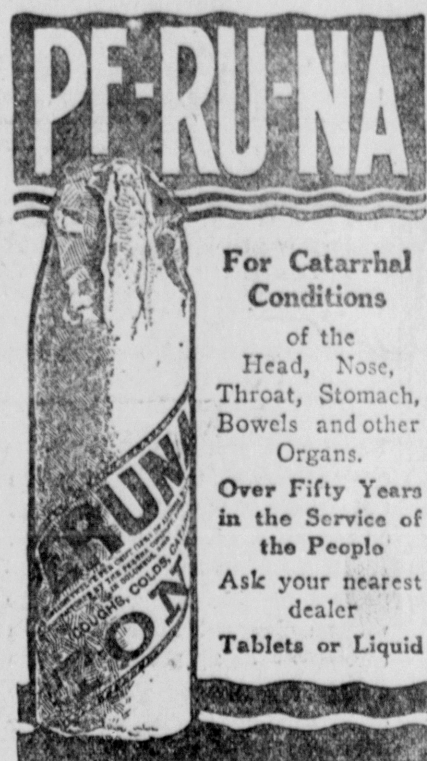

Dr. Thacher's Liver & Blood Syrup is handled by G. O. Carpenter of Jamestown.

won three out of five games including a defeat handed the Xenia Bayliffs.

The Fairborn Indians have signed "Bill" Day, ace of the Yellow Springs Athletics, for the balance of the season.

PREDICT HIGHER COAL PRICES.

Cincinnati, May 24.—Many of the delegates who are in Cincinnati to attend the annual convention of the Michigan, Ohio and Indiana Coal association expressed the belief that coal prices are destined to advance in June. The main cause of the higher prices would be the shortage of cars, in the opinion of the delegates.

TO DIE IN CHAIR.

Columbus, May 24.—Adam Logan, colored, who killed a man, according to his own statement, in order that he might elope with that man's wife, was sentenced to electrocution Sept. 6, next, by Judge E. B. Kinkead, after he had been found guilty of first degree murder.

TURKS BADLY ORGANIZED.

Lausanne, May 24.—An American official who has just arrived here from Thrace reports that the Greeks are awaiting the signal to attack the Turks along the Maritza river. The Turks are badly organized, he says, and will stand little chance if the Greeks launch a serious offensive.

LECTURER TO SHOW MOVIES OF LOCAL SCHOOL AND SCENES

R. Hayes Hamilton, travelogue lecturer, now spending a month at his home here, is busy making motion pictures of the new Central High School and of the 1923 graduating class which will be used in his lecture to be presented in the Jean B. Elwell auditorium of the new Central High School building next Tuesday evening for the benefit of the Library Association.

The local pictures will compose a prologue to be used by Mr. Hamilton to precede a general lecture which will embody the best pictures from many lectures in his repertoire covering the entire United States. The movies are being taken with a special motion picture camera owned by Mr. Hamilton and are expected to prove an interesting addition to the program.

The lecture will give many Xenians their first opportunity to see the school and the completed auditorium which will be dedicated at Commencement exercises Friday evening. Mr. Hamilton, who will present the first public entertainment in the new building was granted this favor by Supt. of Schools C. A. Waltz because he is a Central High graduate. Tickets are now on sale for the benefit.

Mr. And Mrs. Roberts Say It Has No Equal

Zanesville Couple Express Lasting Gratitude to Tanlac—Ended Stomach Trouble, Nervousness and Insomnia, Is Statement.

"When I found Tanlac I found good health, for the medicine helped me over one of the most trying times of my life, and ever since I took my first bottle I have been its firm friend." is the grateful statement of Mrs. A. M. Roberts, 650 Fulton St., Zanesville, Ohio.

"I suffered so badly from stomach trouble for a year that I could get no comfort at all, had no appetite

and my nerves were so excited I could get no restful sleep. Regular attacks of sharp, piercing pains in my side, and dreadful sick headaches forced me to go to bed.

"The Tanlac treatment rid me of all my troubles and I have such a splendid appetite I can eat anything I want. My nerves are calm. I sleep soundly and the headaches and pains in my side are entirely gone. My husband has also taken Tanlac and we both consider it without as equal."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

KIDNEY TROUBLE BECOMES SERIOUS

"Suffered with severe headache, backache and pains in my legs and under my shoulder blade. My kidneys and bladder were in bad condition. I was weak and nervous and felt tired and worn out. Walking made me short of breath. Every morning my face and hands were bloated. Medicines failed to help my condition and doctors advised an operation," writes Maggie Nelson, Mossdale, Fla. "Fortunately I read about Foley Kidney Pills, tried them and got relief." Sayre & Hemphill, South Detroit St., Xenia. adv

STRESS W. C. T. U. WORK AT MEETING AT BEAVER CHURCH

The work ahead of the Woman's Christian Temperance Union and the success accomplished by that organization in past years, was stressed throughout the program of the McClellan W. C. T. U. Institute, held at the Beaver Reformed Church, on the Dayton-Xenia pike, Wednesday afternoon.

A large audience and enthusiasm marked the meeting, which was one of a series of similar gatherings staged under the Greene County W. C. T. U. recently.

The opening address was delivered by the Rev. E. W. Moyer pastor of Beaver Reformed Church, who spoke on "Responsibility." The speaker stressed the fact that each has his own part to perform, and it is everyone's duty to do it well. The opening for work in the McClellan Union, was explained by the Rev. Mr. Moyer, who is backing a movement to form a Boy Scout organization in the community.

A discussion on "Why I Wear the White Ribbon," followed, in which members of the organization, and the audience took part. Mrs. A. W. Jamieson, had charge of the noon-tide devotions.

Miss Ella Haas, head of the girls' welfare department, of the National Cash Register Company, Dayton, was the next speaker. Miss Haas discussed the broader vision gained by the girls, through the department in the factory, and the many opportunities they gained, through instruction. She brought a message back from the convention of the Ohio Women's Voters' League, last week, brought out by Judge Florence E. Allen, and other speakers, that law must be outlawed, and that it is up to the womanhood of the nation to see it through. She also brought out the fact that all matters of reform for the past thirty-five years, have found their birth in the W. C. T. U.

Miss Mary Ervin, world and national secretary of the L. T. L., who recently returned from a lecture tour of the eastern states, addressed the institute. She said that, while it was thought by the public that the 18th amendment was not being enforced, that it had shown more power than it had been given credit for.

She said that the fate of the Wet and Dry question would be an issue at the next Congressional election. Miss Ervin also urged the Greene County W. C. T. U. to carry on its work in doubling its membership. The woman gaining 50 members to the organization will have her expenses paid to the state and national convention in Columbus, in September.

Mrs. Earl McClellan, chairman of the L. T. L. work in the McClellan organization, gave a report of the work in the community, where the work is being advanced.

The Rev. Moyer played a flute solo at the close of the program, followed by a reading by Mrs. Henry Norckauer.

Mrs. W. A. McDill, president of the McClellan Union, presided at the meeting.

LOCAL MINISTER OPENS ASSEMBLY

"The United Presbyterians are not trying to serve the world with one foot liberal and the other conservative," declared the Rev. Charles P. Proudfit, pastor of the Second United Presbyterian Church, this city, who delivered the opening address at the general assembly of the United Presbyterian Church at Buffalo, New York, Wednesday.

The Rev. Dr. W. R. Sawhill of Seattle, Washington, was elected moderator of the general assembly at the evening session.

FORGERY CHARGED TO CEDARVILLE MAN HELD FOR HEARING

Charged with obtaining more than \$200 by forging the name of J. W. Collins, Cedarville, to a number of checks, Roy Brown, 40, of Cedarville, is being held in the County Jail awaiting a hearing.

Brown was arrested at his home in Cedarville Wednesday night by Sheriff Morris Sharp and Chief Deputy John Baughn after Sharp had spent Wednesday in Dayton in attempt to find Brown there, where he was supposed to be employed.

Twelve false checks, made out to Roy Brown, signed with the forged name of J. W. Collins, and drawn on the Exchange Bank of Cedarville, are being held as evidence and Collins asserts that he has several more that will run the amount over \$200. The dozen checks held total \$150 and are dated from April 30 to May 12.

Brown is said to have cashed only one of the checks at the bank, and the others given as payment on purchases were endorsed and cashed by H. Bates, W. W. Trout, Thad Miller, H. W. Evans, G. M. Ridgeway, Robert Bird and Son, C. E. Masters, the Cedarville Bakery and others. The checks being held are for the following amounts: April 30, \$5; May 5, \$10.50; May 5, \$10.50; May 12, \$12.50; May 12, \$10.50; May 12, \$10.50; May 12, \$20.50; May 12, \$20.50; May 12, \$10.50; May 12, \$12.50.

When arrested Brown told Sheriff Sharp he had spent the money to buy clothes as he needed a new suit. He had only \$7.57 when arrested. Brown is married. His wife is colored and has several children by a former marriage.

MOVIE MEN SAY DAYLIGHT SAVING INJURES BUSINESS

Chicago, May 24.—Farmers and movie theater owners are ready to join hands in their fight against daylight saving time.

Speakers at the convention of the motion picture theater owners urged their members to wage a fight on the daylight saving laws. "Daylight saving is no economy for the moving picture theater owners," Sydney J. Cohen, president of the association, declared. "It sends the golfer to the links, the fisherman to the stream and the gardener to his backyard and multitudes of mothers to the front porch, when, without so much daylight after supper, all these people would be glad to go to the movies."

No definite action to amalgamate plans of farmers and the movie men to fight daylight saving time was taken, however.

The 30 years of motion picture photography, starting with Edison's "The Great Train Robbery," which cost \$400 to produce, were reviewed by the convention. "Stars in the Edison venture were paid \$5 a day and supers \$1," E. S. Porter, a pioneer among the motion picture producers, recalled. "Business men openly declared their diffidence in the probability that Edison ever would get his original investment back in the 'nickelodeon.'"

GEORGE VETTER OF SPRING VALLEY DIES

George Vetter, 84, died at his home in Spring Valley, Wednesday afternoon at 3:45 o'clock. Mr. Vetter had been seriously ill for the past ten days, suffering from hardening of the arteries, and a complication of diseases.

He was born March 29, 1839, and had resided in Spring Valley for the past 17 years. Before his retirement he followed the trade of carriage maker. Mr. Vetter's second marriage was to Miss Mary F. Burgess, in 1896, who survives him. The following children, by a former marriage, Charles Vetter, Canada; Mrs. Sarah Moore, East Palestine, Ohio; Miss Mary Vetter, Bozeman, Mont.; and Mrs. Minnie Paugh, Mrs. Florence Allenburg and Ernest Vetter, all of Jeffers, Montana, also survive. Another son, John Vetter, died several years ago.

Mr. Vetter was a member of the Mount Holly M. E. Church. Funeral arrangements have not been made, and will be announced later.

WITH BRYAN ON RELIGIOUS QUESTION

"I am with William Jennings Bryan in his religion but not in his politics," said Deputy Probate Judge S. C. Wright Thursday after his return from Indianapolis, where he attended the sessions of the Presbyterian Assembly two-days.

"I am not in sympathy with his Democracy but I believe in his theology," said Mr. Wright, who listened to the Commoner make an inspiring address in which he was loudly and warmly applauded and then saw him introduced and motion which was emphatically defeated. "They applaud him but they won't vote for him," he said.

Mr. Wright, who is secretary of the board of trustees of Cedarville College visited the assembly for a conference with the board of education of the Presbyterian Church, with which board he met Tuesday night.

"AIR CAR" ARRIVES—INSTRUCTION GIVEN

THE MISFIT By Jane Phelps

A SIGN OF BONDAGE

Chapter III

Among Natalie's admirers was Clyde Blackwell, a young clerk in the office. He was very much in love with Natalie, and before Horace Crandell's appearance on the scene had been quite often in her company. Etta approved of Clyde; he was steady, ambitious, had earned his way through college and had his way to make in the world. He took Natalie to the movies, for an occasional Sunday outing and saved out of his slender salary so that sometime he might be in a position to ask her to marry him.

Natalie liked Clyde. He was a good-looking, wholesome fellow, and sure to get on even if he had nothing but prospects. He knew of her friendship with Crandell and watched it grow with apprehension. Like Etta, he believed this friendship could lead to only unhappiness for Natalie. But, unlike Etta he didn't believe Crandell would want to marry Natalie, he thought his rival was simply amusing himself, as so many rich young men do.

Unknown to Natalie, he kept a sort of watch upon Crandell and made inquiries about him. But he discovered nothing save that he was one of a coterie of young fellows whose money gave them freedom from work and the means to have a good time.

Indeed, Horace Crandell had rather an enviable reputation among his intimates. He "played the game" squarely and so far no scandal of any sort had attached itself to his name. Clyde had seen Natalie riding with him in his perfectly appointed motor car, had noticed how frequently Crandell made errands to the office, and he swore under his breath to make Crandell suffer if he were playing with Natalie.

"Natalie, I love you, dear! Will you marry me?" Horace Crandell leaned across the table where they were dining, screened from others by tall plants.

Natalie had known he would soon speak—what woman doesn't—but even so, his abruptness startled her.

"Why, Horace—"

"Don't say no, dear! I can't live without you, my lovely Natalie." Lovely she was with her warm color coming and going her down-cast eyes, the lashes sweeping her cheeks.

"But Horace we are so different. I am just a poor working girl, and—"

"But you love me, Natalie—tell me?"

"Yes, Horace, I do love you." She raised her eyes to his face. "But—"

"Then but me no buts! Oh, you darling! And you'll marry me soon?"

"I haven't said I'd marry you ever, yet," she returned sadly.

"But you will!" He reached across the table and drew her hand to his lips.

"What will your mother say?"

A fleeting shadow crossed his face. Then he replied gayly:

"Wait until she sees you. She's sure to love you."

The wooing had been quick, and now that he knew Natalie loved him

Crandell was all eagerness to possess her entirely. A month, he declared, was absolutely as long as he would wait. But Natalie laughingly refused to consider so short an engagement.

"Why, I have oceans of things to do—before," she hesitated. "There's my position with the firm. I can't leave Mr. Marshall until he finds some one to take my place, and I have to have clothes, Horace. Not many—she laughed, a bit embarrassed—"but some. Don't ask me to set the day now dear. Give me a little time to get used to you. Why, we have only known each other a few weeks."

"We never will know each other any better until you marry me and I can take you away from that awful boarding house. I can't call on you there. Had to ask you to marry me in a public place and while I am dying to take you in my arms I have to sit on the opposite side of the table! You mustn't keep me waiting, dear."

"No longer than I can help Horace," Natalie replied.

The next day Horace brought her a ring, a wonderful stone that caused Natalie to exclaim in delight.

"A sign of bondage, darling," he said gayly. "Bondage to my love."

Tomorrow—A Trying Situation

FRIENDS NOTICED IMPROVEMENT

Wonderful Results from Lydia E. Pinkham's Vegetable Compound

Beloit, Wis.—"My female trouble was brought on by overwork. I had worked in stores and had to do heavier work than my strength could stand, and had to be on my feet most of the time. Finally I had to give up this work entirely and stay at home. Doctor's medicine did not give me much relief, and my mother wanted me to take Lydia E. Pinkham's

Vegetable Compound. I took a couple of bottles of it and thought it did not help me as much as it should, so I gave it up to try something else. Nothing I took helped me much, so I finally decided to give the Vegetable Compound another trial and to take enough of it to make sure it would help me. I have taken it over a year now and it has brought wonderful results. I have gained from 33 to 110 pounds and am keeping house now. My friends all notice the change in my health. I will be glad to answer all letters that women write to me about the 'Vegetable Compound.'—Mrs. W. G. Monson, 1515 Park Ave., Beloit, Wis.
